## YOUR TYPE

Your type is the role you have been asked to play in this lifetime. It represents the general purpose that your energy blueprint is designed to provide. Your type energetically interacts with the rest of humanity in a geometric way. At a high level, it defines whether you are here to do work, to guide and lead, to manifest or to reflect. There are 5 types in the human design system. **Realize that you can manifest successfully and create a life of peace and balance whatever your design, provided you live out your type and follow your strategy.**

### [Chart Human Design Types](#)

## Manifesting Generator

You are a Manifesting Generator. You are here to work. You have been given the design to have that powerful sacral motor churning out energy within you. You are here to work and to do things. You have sustainable energy. It is born each day, runs all day and burns out at night. You have a limited amount of ability to go out and create so be careful not to fool yourself into thinking you are a Manifestor. You have a lot of energy to express, but make sure you do it in response not through pure initiation. There are many types of work. Find work that is inspiring to you.

## YOUR STRATEGY

For each of the 5 types in Human Design there is a corresponding strategy. This is all about geometry and interacting properly with the flow of the energy of the universe, you and other beings. It is by following your strategy that you can maximize the positive results and minimize the drawbacks. The universe is energetic and the flow of opportunity and interaction is influenced by type. Strategy is important in every day life, but especially important for major decisions such as changes in your personal relationships, career, or residence. It is also critical to follow your strategy with commitments to projects or any major investment of your time.

## Respond, envision, reprocess, inform, act.

You are a Manifesting Generator, but at the heart of it you are a Generator. You have the powerful sacral motor to move you through whatever work or play you choose to do each day. You also have manifesting energy for the initiation of ideas, projects or creations. Because your Generator energy dominates, your key strategy is to respond to things that appear in your reality rather than initiate on your own. This can present frustration at times, because you just want to see your ideas manifested - now! While you do have the ability to initiate on some level, it is by waiting to respond to needs in front of you that you will be most successful.

For example, what you respond to needs to be more direct than an inspiration from something you read or see on TV. Perhaps that is where the idea starts, but then you must experience this inspiration as an immediate need of the world around you. Maybe you see a news clip about natural health on TV and start to think about a new profession. If no one around you is presenting a need for

natural health therapies, then this is a sign that you haven't found quite the right inspiration. Or perhaps it's just not time. On the other hand, if multiple people say, "oh yes, I would love for you to help me with my ailments!" and maybe a friend mentions that you would be great as a natural health practitioner, then you have lots of signs giving you a green light!.

When you are responding, make certain the passion is coming from the core of your soul. When you do take initiative, make sure you are informing others of what you are doing, because you have a tendency to just go off and do something leaving others wondering what's going on. As a Manifesting Generator, you can blur the lines between responding and initiating. Beware not to fall into the trap of initiating (manifesting) all the time, because you are not a pure Manifestor. Live this strategy and you can do anything!

## YOUR PROFILE

Your profile describes character traits to your personality. Are you social, investigative, experimental, a hermit, projective or a role model. You have two of these defining traits which will influence how all of your actions, expressions and interactions are done. Beyond your type, your profile is the second biggest force in influencing your design. Your profile is derived from two numbers called lines that come from the gates in your sun and your earth. Lines are a subset of the gates of the I'Ching where each gate is divided into 6 lines.

### 1/4 Investigator/Opportunist

The first line of your profile is a foundational investigator. You are a person who will ask a lot of questions. You need to have a solid understanding of the details before you can proceed. This need to understand provides an underlying feeling of comfort. When you understand it all you are comfortable and when you don't there is the nagging drive to find out. If you are learning a new profession, you will get all the books, take as many courses as you can and feel you need to know it all before starting to take clients or customers. If you are planning a trip you will be driven to investigate it in great detail including ways to get there, what to do, places to stay, etc. The 1st line gathers all this information and applies it to themselves. How does this affect me? How does this change what I am going to do? Am I comfortable doing this now that I know all about it?

The fourth line in your profile is a social networker with a need for foundation. The 4th line desires the next thing to be lined up before it is ready or willing to move forward. This foundation is based around house, spouse, close friends and career. If it is a job, then you will typically want the offer letter in hand before you resign from your current job. In relationship, you will want at least prospects for a replacement before moving on. 4th line people tend to get stuck in relationship for fear that the replacement won't happen. When faced with the prospect of moving, you are likely to have the next place all lined up before moving out of the current one. As a 4th line profile most of your opportunities for jobs, friends, or significant others will come through your social network. This is how the energy revolves around your design.

## YOUR UNDEFINED CENTERS

Your open centers are unlimited in the way they can experience energy for that center. You do not have your own consistent energy for these centers but you can amplify these types of energy from around you. Through these centers you are empathetic to those around you. An undefined Solar Plexus Center can feel the happiness or sadness of another. The undefined Spleen Center can feel ill health. Through this experience of empathy and amplification you are designed to become extremely wise about these centers as you can experience all the shades of the energy coming through.

### [Map of Centers](#)

#### Head

You have an undefined Head Center. Along with 7/8 of the population, you are unlimited in how you experience ideas and inspirations. You may lose your focus with your own ideas, especially when influenced by other people. For example, it could be a struggle to find something you really want when looking at a menu in a crowded restaurant, well it all looks good! Make sure the ideas and inspirations you embrace and work with are your own and feel right over a period of time. You may come under pressure to find the answer to questions. This can include anything from "what was the name of that actor?" to "what do I want to do with my life?" Make sure the questions you are answering are a priority for you and not someone else in your life. Are you still trying to answer other peoples' questions?

#### Ajna

You have an undefined Ajna and are unlimited in the way you can think about things. You easily look at problems from many angles. You may vary how you do your tasks and chores and are flexible in trying new ways of doing things. You may struggle with remembering details. This can happen even when you felt confident you would remember. You tend to feel uncertain when it comes to making decisions. At a restaurant you may change your mind often and then be disappointed with what you ordered when it shows up. You may struggle to focus in large groups or noisy situations. Your best strategy is to make lists or write things down that you will need to recall.

#### G-Identity

You have an undefined G-Identity Center. You are unlimited in how you identify yourself and can relate with all kinds of people. You may struggle to "find yourself" simply because it's hard for you to define who you are. Your sense of self may be inconsistent and you may be constantly changing your view of who you are. If your world is impacted by events around you, it may take time to come back to center and feel comfortable. At times you may feel unduly influenced by others. At times, you may question your lovability. A strategy for the open G-Identity is to spend time with loving people whom you honor, admire and can help you to align your identity with higher energies.

## YOUR DEFINED CENTERS

Your defined centers are the shapes in the chart, the squares the triangles and the diamonds that are colored in. Through these defined centers you have access to your own consistent energy. Because the center is defined, you will experience the energy from each center with a familiar pattern. It may not always be the exact pattern as described, but the description is to give you a flavor of how that energy will come to expression.

### [Map of Centers](#)

#### **Throat**

You have a defined and motorized Throat Center. You have consistent energy to speak and your throat is powered by at least one of the motor centers. This helps you create more easily through your communication with others. In group settings you are likely to be recognized before others who are trying to speak. You rarely struggle to feel that your thoughts and ideas are heard. Your voice is strong!

#### **Heart-Will**

You have a defined Heart-Will Center. You have will power to push through resistance to get things done. This is a powerful attribute, but be careful not to overexert your will just to get your way, as this is also the center of the ego. The Will Center is a pulse motor and is either on or off. When it is off, your will power is lacking and you must remember to rest. Honor your time of relaxation or you can damage your heart. Your words carry an energy of "I promise", whether you mean it or not. Be mindful of expectations you set as your defined will power will communicate commitments even if you don't say, "I promise".

#### **Solar Plexus**

You have a defined Solar Plexus Center and are an emotional being. The Solar Plexus defines its energy in waves that move from joyful highs to melancholic lows. The emotional solar plexus provides clarity about decisions over time and it is essential that you ride the whole wave to achieve clarity. What feels right when you're at the top of your wave may feel wrong when you're at the bottom. When you are at the bottom of the wave don't look for the reasons, just know that it's a cycle and it will pass. A good strategy for the defined Solar Plexus is to track the cycle of your emotional wave. How long does it last? What makes it worse? What makes it better? It's okay to schedule downtime if you know you are likely to be at the bottom of your wave. It all serves a purpose! There are 3 types of waves and here is a description of yours.

Your emotional Solar Plexus is powered by a collective wave. This wave builds slowly over time toward joy and happiness. At its peak, the energy suddenly stalls and plummets toward sadness and despair sometimes manifesting as fear. The wave then begins to build again so the down side does not last long. The rapid drop on the emotional side can sometimes leave you scratching your head wondering what happened to cause such a change. Know now that it is just a wave and nothing more.

**Root**

You have a defined Root Center. Root energy is fueled by adrenaline and this helps you to get things done. As you work through your task lists you will know when enough is enough. The defined Root Center is a pulse motor and is either on or off. When the root is off, there is no energy to push and get things done. It is time to rest. When the root is on, it is as if the clutch is engaged and you are cruising!

**Sacral**

You have a defined Sacral Center. You have the most powerful motor in the Human Design system and it is the energy to get things done. The presence of this motor defines you as a Generator or Manifesting Generator. The sacral motor turns on in the morning, runs all day and burns out at night. This energy rises up from your sacral center and has a physical quality to it. Your strategy for health is to get some physical activity each day to burn up any excess energy. As possible, anything from a full workout to a short walk will help you sleep better and feel healthier. While this is mostly true for all types of people, this is especially true for you.

**Spleen**

You have a defined Spleen Center. You have a complete understanding of time and the now. You have your own defined energies of intuition. The spleen is connected to the immune system. With the defined spleen, you have more consistent energy to maintain your health. Because of this quality, the defined spleen is a "feel good" center. People with undefined spleens may hang out around you to power their spleens and their immune system.

## YOUR DEFINED CHANNELS

Your defined channels have distinct characteristics in the way you act or react. Your defined channels will effect the flow of energy to and from the centers they connect with. As the energy flows through it, the expression of that channel's characteristics will be added to the overall expression.

### **Channel of Transitoriness** (Gates 35-36)

This is an emotional channel with a very large wave. The wave climbs toward happiness and joy and then falls toward sadness and despair, and so it goes up and down. This channel is about feeling the need to change, or not. There is discretion here as this is a voice that says, "That is something I must experience" but also may say, "No thanks, I've been there and done that."

### **Channel of Preservation** (Gates 27-50)

This is energy of caretaking. Both elements of custodian and nurturing come together in this channel. This is about caretaking of the young and innocent to provide, protect and nourish them for the preservation of the human species.

### **Channel of Transformation** (Gates 32-54)

This channel is the drive to change over time. This is the energy to initiate, however, there is a watchful eye to make the transformation with the pack as opposed to being the first one. This is not bleeding edge or pioneering energy, but it is about initiating change.

### **Channel of Surrender** (Gates 26-44)

This is a channel of connecting and selling and is the energy of the entrepreneur. This energy has the ability to unite the socialist energy of the community with the capitalist energy of the few, or the individual.

## YOUR DEFINED GATES

Your defined gates are truly what give you definition. It is the sum of these that defines your centers and determines your type. It is all the individual expressions of each gate that make you who you really are. In this section you can look at each gate and its expression individually. Please remember two things: 1. That this is a high level description of the gate and it is just to give you a flavor of how you may express this energy. 2. That these gate attributes do not work in isolation so as they come together in your design the attributes may mutate or change into something greater or something less.

### Energy distribution: Collective 35% Tribal 38 % Individual 27 %

At a high level there are three main types of energy: collective, tribal and individual. The expression of collective energy is ultimately to benefit the collective, or all of humanity. Tribal energy is focused on what is best for the tribe whether it's family, group, community, race or country. Individual energy is driven to benefit you and it does not really care about anyone else in the tribe or the collective. It is useful to see your energy distribution as you can see if you have a bias toward one type of energy. Most of us have a blend but some people have a concentration. If you have a percentage in one group higher than 55%, then you are going to have a bias. If that is individual, then you are going to care mostly about yourself. If the concentration is tribal, then your concern is for the tribe. And lastly, if it is collective, you will be focused on how you effect all of humanity.

<b>Gate of Wanting (# 19)</b>	<b>Gate of Rationalizing (# 24)</b>
The Gate of Wanting is the energy that wants and needs community. It wants unrestricted access to community. People with this energy may also appear to be overly sensitive or easily disturbed and distracted.	The Gate of Rationalizing is the energy to ponder over and over in thought until that thought can be brought forward in rational terms or in a rational way.
<b>Gate of Privacy (# 33)</b>	<b>Gate of Alertness (# 44)</b>
Privacy is the energy to retreat and reflect on experiences and events before moving on. Before this energy can be expressed, there must be a period of time to retreat and collect thoughts in order to structure them into a cohesive expression or story.	Alertness is the energy to look at past patterns, assess current supply and determine proper action to take. The outcome is awareness about what needs to occur to ensure that material needs will be met.

<b>Gate of Change</b> (# 35)	<b>Gate of Aloneness</b> (# 40)
The Gate of Change is the sense of a need for change. The sense that the wheel needs to turn. It is not a logical next step, but a sense that this is the right direction to go. Like walking around a wheel there will need to be another step and then another step to keep the wheel turning.	Aloneness energy is part of the channel of community, yet this is the lonely side. This is the energy of being separate from the group or the family.
<b>Gate of The Game Player</b> (# 28)	<b>Gate of Values</b> (# 50)
The Game Player energy is the struggle for the meaning of life, the struggle to find your divine connection. Through the struggle you become incredibly wise about the meaning of life. The shadow side is the fear that life has no meaning.	Values is the energy of values and rules. This gate controls or dictates the rules for the tribe. These rules are all about caring and making sure the tribe is cohesive. The rules are often related to food and provisions.
<b>Gate of Caring</b> (# 27)	<b>Gate of Ordering</b> (# 3)
Caring is nurturing energy and is the need to care and take care of one another. This caring is tribal and is directed toward family, group or team. It is about providing nourishment and protection to preserve the unit.	The Gate of Ordering is the energy to finish or complete things. When tasks or projects get started they set off in a direction but they do not always have a clear path or a visible resolution. This energy helps to order or organize the solution so it can come to pass.
<b>Gate of Ambition</b> (# 54)	<b>Gate of Shock</b> (# 51)
Ambition is the gate of big ambitions. You like to do things in a big or grand way. Perhaps over the top?	The name of this gate says it all - Shock. People with this energy tend to come out with shocking statements or actions. Sometimes it may be subtle and at other times quite dramatic. Either way, this energy is trying to shock others into connection with the greater sense of Spirit, God or the Divine.
<b>Gate of Contraction</b> (# 41)	<b>Gate of Crisis</b> (# 36)
The Gate of Contraction is the energy of contracting or pulling back. It is an emotional energy of regrouping in preparation for the next expansion.	The Gate of Crisis moves for change through the pain and confusion of experience. This energy is driven to express a change, a next step on the journey to bring light to a cloudy and darkened scene. The cycle works in continuous fashion: crisis, reflection, and expression of change followed by relief and then building crisis and round again you go.

<b>Gate of Ideas (# 11)</b>	<b>Gate of Spirit (# 55)</b>
The Gate of Ideas is the bringing together of ideas in the formation of the story. It is sensing energy and is not logical. It is the sorting and piecing of images to create the bigger picture or story.	Spirit is emotional energy seeking to bring abundance. Linked to spirit it can be abundance of spirit, but the abundance can come in many forms. This energy may feel stuck at times.
<b>Gate of Continuity (# 32)</b>	<b>Gate of The Egoist (# 26)</b>
Continuity is an instinctive gate to adapt to change and carry on. The drive is to follow socially embraced behavior. Over time, social behavior changes and when that behavior becomes the norm, you are able to adapt quickly.	The Egoist is the gate of the deal maker or the salesman. From this energy can come manipulation and lies, or truth.
<b>Gate of Leading (# 31)</b>	<b>Gate of Sexuality (# 59)</b>
The Gate of Leading is the voice of the leader. The leadership is only truly successful when properly supported by its complementary gate 7, The Role of the Self.	Sexuality is the gate of seduction and the gateway to the sacral sexual power. This will often be the energy and drive to sexually reproduce. It can be the energy of coming together in an intimate way in a non-sexual relationship.
<b>Gate of Saying Yes (# 29)</b>	
This energy is the drive to say "Yes". It may lead to over commitment, but the energy includes the perseverance to push through where others quit.	

## YOUR INCARNATION CROSS

Your incarnation cross made up of the four key gates based on the alignment of the sun and earth in your Human Design. Your incarnation cross gives definition and foundation to your overall energy design and is a cornerstone in your life purpose. Like a snowflake there are many underlying factors within your design that impact exactly how you carry your cross but this gives you another flavor of just how deep Human Design goes.

Of course in order to carry out your incarnation cross you must live your design. This means living consistently with your defined energy and gathering the wisdom through your undefined areas. Living your passions and dreams and not living the influences around you unless they resonate with your soul.

### The Right Angle Cross of the Four Ways

Cross Gates: 24 44 19 33

You are driven to know and have a mental understanding of all that you encounter in life. This lead force will drive you to go over and over things until you have a solid understanding. This force will give you purpose, like the ocean waves polishing the stone on the beach you will return to things, to experiences to memories to go over and over looking for that deeper understanding of how it all works and fits together. This is an individual drive so it is more likely you will use your gift as an example or an individual contributor as most of the rest of us do not have the patience to go over things so many times.

### What does the Right Angle mean?

You have a right angle cross of incarnation. Your destiny in this life is your own process and in that sense you are self absorbed. However you can't live life in a vacuum and so throughout this life you are creating karma for good or not so good with all the others you bump into.
