Definition: [Single Definition](#)

Inner Authority: [Ego Projected](#)

YOUR TYPE

Your type is the role you have been asked to play in this lifetime. It represents the general purpose that your energy blueprint is designed to provide. Your type energetically interacts with the rest of humanity in a geometric way. At a high level, it defines whether you are here to do work, to guide and lead, to manifest or to reflect. There are 5 types in the human design system. **Realize that you can manifest successfully and create a life of peace and balance whatever your design, provided you live out your type and follow your strategy.**

[Chart Human Design Types](#)

Projector

You are a Projector. You are here to guide, lead, manage and project ideas and inspirations. You have a great gift to share with the world but to do so you need to be invited. Nobody likes to have somebody just step in and take over, there needs to be an invitation. You do not have sustainable energy to work in long continuous blocks. While you can do it for a while, ultimately you will break down either mentally, physically or both. You need to have a strategy to break up your work hours and you may need to nap.

YOUR STRATEGY

For each of the 5 types in Human Design there is a corresponding strategy. This is all about geometry and interacting properly with the flow of the energy of the universe, you and other beings. It is by following your strategy that you can maximize the positive results and minimize the drawbacks. The universe is energetic and the flow of opportunity and interaction is influenced by type. Strategy is important in every day life, but especially important for major decisions such as changes in your personal relationships, career, or residence. It is also critical to follow your strategy with commitments to projects or any major investment of your time.

Wait to be invited

As a Projector the world expects you to be invited and this is the only strategy that positions you for success. Be patient and wait for the invitations to come to you. The more an invitation is defined and coming from a place of legitimacy, the better off you'll be and the more your contribution will be accepted. A Projector may often be rebuffed for offering vision or guidance without invitation. Perhaps there have been times you've offered advice to family or friends without their asking. This likely has had an unsuccessful outcome. This can be trying for you as you have the energy to lead and guide. You truly believe you know better, and many times (not always) you do.

As an example of what is meant by "waiting to be invited", let's say you would like to find a new career. You have always loved animals and decide that you want to start your own pet sitting business. If you tell all your friends and no one says anything supportive, then you have a definite sign that this is not a good direction. On the other hand, if one or more of them says to you, "yea, that sounds like a good idea, you'd be good at that," then you have a lukewarm invitation, because it's a passive invitation. And finally, if you have 2 or 3 people with pets ask you to take care of their animals over the weekend and they mention that this would be a great job for you, then you have yourself a very legitimate invitation.

Look for invitations in your reality. The more personal, powerful or direct the invitation, the better. Make sure the opportunity feels right in the core of your soul, in the center of your being. It is a trick for the Projector to wait for the right invitation. Often an invitation that feels lukewarm will be followed by a more direct one, if you can allow yourself to wait. In some cases, you may be able to ask friends or family to finesse an invitation on your behalf (e.g. getting the right job interview). A Projector who enters into life with an invitation and the right intentions can do anything.

YOUR PROFILE

Your profile describes character traits to your personality. Are you social, investigative, experimental, a hermit, projective or a role model. You have two of these defining traits which will influence how all of your actions, expressions and interactions are done. Beyond your type, your profile is the second biggest force in influencing your design. Your profile is derived from two numbers called lines that come from the gates in your sun and your earth. Lines are a subset of the gates of the I'Ching where each gate is divided into 6 lines.

5/1 Heretic/Investigator

The fifth line of your profile is a projective line and you have a projected field around you, meaning that your 5th line energy is outwardly expressed. This acts like a magnetic force that carries your energy out to people and can draw people in. But like a mirror this energy that is projected out can also be reflected back upon you by people you encounter. If you have sexual energy in your chart you can be accused of flirting even if that is not on your mind. If you have the energy of opinions, you can be judged as opinionated without saying anything. If you have an undefined G center, people may say "You don't really know who you are" even though you may feel grounded. Look at the energy in the rest of your report. At some point have you felt any of the energies projected back on you? Because of this projection you will at times need alone or down time to get out of the field of projection. Take care of yourself and honor your need to be alone some of the time.

The first line of your profile is a foundational investigator. You are a person who will ask a lot of questions. You need to have a solid understanding of the details before you can proceed. This need to understand provides an underlying feeling of comfort. When you understand it all you are comfortable and when you don't there is the nagging drive to find out. If you are learning a new profession, you will get all the books, take as many courses as you can and feel you need to know it all before starting to take clients or customers. If you are planning a trip you will be driven to investigate it in great detail including ways to get there, what to do, places to stay, etc. The 1st line gathers all this information and applies it to themselves. How does this affect me? How does this change what I am going to do? Am I comfortable doing this now that I know all about it?

YOUR UNDEFINED CENTERS

Your open centers are unlimited in the way they can experience energy for that center. You do not have your own consistent energy for these centers but you can amplify these types of energy from around you. Through these centers you are empathetic to those around you. An undefined Solar Plexus Center can feel the happiness or sadness of another. The undefined Spleen Center can feel ill health. Through this experience of empathy and amplification you are designed to become extremely wise about these centers as you can experience all the shades of the energy coming through.

[Map of Centers](#)

Head

You have an undefined Head Center. Along with 7/8 of the population, you are unlimited in how you experience ideas and inspirations. You may lose your focus with your own ideas, especially when influenced by other people. For example, it could be a struggle to find something you really want when looking at a menu in a crowded restaurant, well it all looks good! Make sure the ideas and inspirations you embrace and work with are your own and feel right over a period of time. You may come under pressure to find the answer to questions. This can include anything from "what was the name of that actor?" to "what do I want to do with my life?" Make sure the questions you are answering are a priority for you and not someone else in your life. Are you still trying to answer other peoples' questions?

Ajna

You have an undefined Ajna and are unlimited in the way you can think about things. You easily look at problems from many angles. You may vary how you do your tasks and chores and are flexible in trying new ways of doing things. You may struggle with remembering details. This can happen even when you felt confident you would remember. You tend to feel uncertain when it comes to making decisions. At a restaurant you may change your mind often and then be disappointed with what you ordered when it shows up. You may struggle to focus in large groups or noisy situations. Your best strategy is to make lists or write things down that you will need to recall.

Throat

You have an undefined Throat Center. You are unlimited in the ways in which you express yourself. You can modulate your speech and voice to communicate with anyone in a way they will understand. However, at times in your life you may have struggled to feel heard or listened to. You may have developed elaborate strategies to be recognized so your words would be acknowledged. For example, when you do "get the floor" with your audience, you may resist giving it up for fear that you will fall back into being unheard. It is also possible that you have grown tired of not being heard and have fallen quiet. Your strategy around communication is to let your energy carry the message that you have a lot to say. It is through this quiet focus that you will be recognized to speak. Once you have been recognized by others, you will be heard.

Solar Plexus

You have an undefined Solar Plexus Center. You can experience emotions in an unlimited fashion. These emotions are generally from people around you, because your own your emotions are steady. If you view yourself as an emotional person, take a look at the people around you as you may be picking up on their emotional waves. Your strategy is to be a screen and acknowledge the emotions

you are experiencing, but don't be a sponge and soak them up. If the emotional energy becomes too much, take some alone time to rebalance yourself.

Root

You have an undefined Root Center. You are unlimited in experiencing adrenaline and root energy, but it is inconsistent. At times it may feel as if you are spinning your wheels trying to get things done. You may feel under pressure to complete your task list and struggle to break off your compulsion to work on the never ending list. Many people with hyperactivity and/or ADHD have undefined Root Centers. Your best strategy is to keep the energy around you peaceful and create structure around the tasks before you.

Sacral

You have an undefined Sacral Center. You can experience sacral energy in unlimited ways, but do not generate it on your own. You can utilize other people's sacral energy to get things done, but this is not sustainable. You need a strategy for working as you are not designed to survive the 9 to 5 work world. If you can break up your schedule so you can rest or nap in between it will help. Your best sleep strategy is to go to bed before you are actually tired. This will help dissipate external energy so you can sleep soundly.

Spleen

You have an undefined Spleen Center. You have an unlimited ability to understand intuition. You may experience time in unlimited and undefined ways. You may lose track of time, having 15 minute conversations that last 2 hours. It is likely that you struggle with being on time, either watching the clock like a hawk to ensure timeliness, being extremely early to everything or always being late. You may also be vulnerable to sudden rashes of fear, because this is the center for survival based activities driven by fear. An undefined spleen can be a great asset to a hands on energy worker, drawing on universal energy and amplifying it with your open spleen center. Your immune system has an inconsistent supply of energy and is more vulnerable. As a result, you are likely to be sensitive to everything happening in your body. Sometimes people with undefined spleens can be viewed as hypochondriacs, but in truth, you are just more sensitive to the inner workings of your body.

YOUR DEFINED CENTERS

Your defined centers are the shapes in the chart, the squares the triangles and the diamonds that are colored in. Through these defined centers you have access to your own consistent energy. Because the center is defined, you will experience the energy from each center with a familiar pattern. It may not always be the exact pattern as described, but the description is to give you a flavor of how that energy will come to expression.

[Map of Centers](#)

G-Identity

You have a defined G-Identity Center. You have a good understanding of who you are and are mostly comfortable with yourself. You know where you're going in many respects, even if you don't know how you'll get there. You may have a good sense of direction and geography. If you are moved off your center, you are able to find your balance and recenter yourself more easily than others.

Heart-Will

You have a defined Heart-Will Center. You have will power to push through resistance to get things done. This is a powerful attribute, but be careful not to overexert your will just to get your way, as this is also the center of the ego. The Will Center is a pulse motor and is either on or off. When it is off, your will power is lacking and you must remember to rest. Honor your time of relaxation or you can damage your heart. Your words carry an energy of "I promise", whether you mean it or not. Be mindful of expectations you set as your defined will power will communicate commitments even if you don't say, "I promise".

YOUR DEFINED CHANNELS

Your defined channels have distinct characteristics in the way you act or react. Your defined channels will effect the flow of energy to and from the centers they connect with. As the energy flows through it, the expression of that channel's characteristics will be added to the overall expression.

Channel of Initiation (Gates 25-51)

This is the energy to move from the individual into God, or Spirit in a greater sense. This energy is to shock your way into the love of Spirit. This channel connects the Will Center and the Identity Center, which is the seat of the soul. This energy feeds the love of Spirit for the purpose of finding the deeper spirit within.

YOUR DEFINED GATES

Your defined gates are truly what give you definition. It is the sum of these that defines your centers and determines your type. It is all the individual expressions of each gate that make you who you really are. In this section you can look at each gate and its expression individually. Please remember two things: 1. That this is a high level description of the gate and it is just to give you a flavor of how you may express this energy. 2. That these gate attributes do not work in isolation so as they come together in your design the attributes may mutate or change into something greater or something less.

Energy distribution: Collective 42% Tribal 31 % Individual 27 %

At a high level there are three main types of energy: collective, tribal and individual. The expression of collective energy is ultimately to benefit the collective, or all of humanity. Tribal energy is focused on what is best for the tribe whether it's family, group, community, race or country. Individual energy is driven to benefit you and it does not really care about anyone else in the tribe or the collective. It is useful to see your energy distribution as you can see if you have a bias toward one type of energy. Most of us have a blend but some people have a concentration. If you have a percentage in one group higher than 55%, then you are going to have a bias. If that is individual, then you are going to care mostly about yourself. If the concentration is tribal, then your concern is for the tribe. And lastly, if it is collective, you will be focused on how you effect all of humanity.

Gate of Gatherer (# 45)

The Gatherer energy is about having control of things and allowing others to use those things for a price. Whether it is physical, emotional, or mental this energy seeks reward for allowing others to use what is yours.

Gate of Confusion (# 64)

Confusion energy is the abstract. "We have all these little pieces of the puzzle, how do they go together?" You have the ability to identify all the pieces, but may struggle to put it all together. In looking at all the pieces it can be a bit confusing or dizzying.

Gate of The Egoist (# 26)

The Egoist is the gate of the deal maker or the salesman. From this energy can come manipulation and lies, or truth.

Gate of Doubt (# 63)

Doubt is the energy of logical questioning. It is the first step of analysis in the logic circuit. When the first cell phone was invented, this gate asked the questions, "Is it safe? Will it work? Will people actually use them?" This energy starts the drive to find the answer through logic.

Gate of Focus (# 9)	Gate of Shock (# 51)
The Gate of Focus is the power and the energy to remain focused. This energy is driven to repeat and experiment. Without the its complementary gate 52, this energy can exhibit attributes of ADD or ADHD.	The name of this gate says it all - Shock. People with this energy tend to come out with shocking statements or actions. Sometimes it may be subtle and at other times quite dramatic. Either way, this energy is trying to shock others into connection with the greater sense of Spirit, God or the Divine.
Gate of The Determination of the Self (# 46)	Gate of Friction (# 6)
The Gate of the Determination of the Self is the energy of the love of the physical body, or the love of the flesh. It manifests in the desire for touch, the drive to maintain fitness, and the joy of living in the physical plane.	The Gate of Friction is the energy of sexual reproduction and influences when to reproduce, or not. On another level, this energy controls who is allowed in your inner circle and who is an outsider.
Gate of The Spirit of the Self (# 25)	Gate of Crisis (# 36)
The Spirit of the Self is the love of the spirit of the soul within you. This is also the love of the greater Spirit, as in God or the Divine or whatever definition you choose.	The Gate of Crisis moves for change through the pain and confusion of experience. This energy is driven to express a change, a next step on the journey to bring light to a cloudy and darkened scene. The cycle works in continuous fashion: crisis, reflection, and expression of change followed by relief and then building crisis and round again you go.
Gate of The Provocateur (# 39)	Gate of Extremes (# 15)
The Provocateur is the energy to provoke into action. It is an energetic burst to create change from the emotional stillness or sadness.	The Gate of Extremes is energy that expresses itself through extreme rhythms. Whether it be your personal cycle with respect to times you eat, get up and go to sleep or other patterns, the gate of extremes will demand a change from a repetitive cycle after a while. This is also the energy of the love of humanity, the concern for fellow humans and the drive to bring other humans into the flow of life.
Gate of Continuity (# 32)	Gate of Growth (# 42)
Continuity is an instinctive gate to adapt to change and carry on. The drive is to follow socially embraced behavior. Over time, social behavior changes and when that behavior becomes the norm, you are able to adapt quickly.	Growth is the energy of maximizing the potential then bringing it to closure. Closure or completion of growth is necessary to allow the next step to be taken.

Gate of The Now (# 20)	Gate of Assimilation (# 23)
The Gate of the Now is the energy of contemplation and recognition of what deeds should be brought into form.	Assimilation is the energy of bringing the knowing of something forward and integrating it into expression.
Gate of Contribution (# 8)	Gate of Leading (# 31)
The Gate of Contribution is energy to make a contribution, be an example or do something that makes a statement, often in a big way. This is not contributing to a group effort. This is individual energy and it will contribute to the group by example, so that the collective can say, "Hey look at that, that is the way to do it."	The Gate of Leading is the voice of the leader. The leadership is only truly successful when properly supported by its complementary gate 7, The Role of the Self.

YOUR INCARNATION CROSS

Your incarnation cross made up of the four key gates based on the alignment of the sun and earth in your Human Design. Your incarnation cross gives definition and foundation to your overall energy design and is a cornerstone in your life purpose. Like a snowflake there are many underlying factors within your design that impact exactly how you carry your cross but this gives you another flavor of just how deep Human Design goes.

Of course in order to carry out your incarnation cross you must live your design. This means living consistently with your defined energy and gathering the wisdom through your undefined areas. Living your passions and dreams and not living the influences around you unless they resonate with your soul.

The Left Angle Cross of Dominion 2

Cross Gates: 64 63 45 26

You are here to take power or authority over situations. To do this you will draw on history and assimilate it to your view, perhaps distorting it. You may profit or gain by these actions. This is a karmic Cross, so when considering an authoritative position, you need to weigh the outcome as part of your decision making process.

What does the Left Angle mean?

You were born with a left angle cross of incarnation. This means that your life process is about dealing with karma and you need others to fulfill your life destiny. By moving through karmic interactions, both good ones and not so good, you live out your destiny. You are not designed to carry out your life purpose alone.
