## YOUR TYPE

Your type is the role you have been asked to play in this lifetime. It represents the general purpose that your energy blueprint is designed to provide. Your type energetically interacts with the rest of humanity in a geometric way. At a high level, it defines whether you are here to do work, to guide and lead, to manifest or to reflect. There are 5 types in the human design system. **Realize that you can manifest successfully and create a life of peace and balance whatever your design, provided you live out your type and follow your strategy.**

### [Chart Human Design Types](#)

#### Generator

You are a Generator. You have been given the design to have that powerful sacral motor churning out energy within you. You are here to work and to do things. You have sustainable energy. It is born each day, runs all day and burns out at night. There are many types of work, from mechanical and rhythmic to artistic and eccentric and you are here to work and respond to all that is going on in this world. Find work that is inspiring to you!

## YOUR STRATEGY

For each of the 5 types in Human Design there is a corresponding strategy. This is all about geometry and interacting properly with the flow of the energy of the universe, you and other beings. It is by following your strategy that you can maximize the positive results and minimize the drawbacks. The universe is energetic and the flow of opportunity and interaction is influenced by type. Strategy is important in every day life, but especially important for major decisions such as changes in your personal relationships, career, or residence. It is also critical to follow your strategy with commitments to projects or any major investment of your time.

#### Wait to respond

As a Generator the world expects you to respond. There are many things that may come into your life that offer opportunity for you to take action. You may be tempted to respond to inspirations that come from remote sources, but it is essential you focus on what feels right in your soul. It is also important for you to recognize that if there is nothing in your immediate reality that feels really good, then you must wait. Your strategy for success is to wait until what you are inspired to respond to comes directly into your arena, or peripheral world.

For example, what you respond to needs to be more direct than an inspiration from something on TV. Perhaps that is where the idea starts, but then you must experience this inspiration as an immediate need of the world around you. Maybe you see a news clip about natural health on TV and start to think about a new profession. If no one around you is presenting a need for natural health therapies, then this is a sign that you haven't found quite the right inspiration. Or perhaps it's just not time. On the other hand, if multiple people say, "oh yes, I would love for you to help me with my ailments!" and maybe a friend mentions that you would be great as a natural health practitioner, then you have lots of signs giving you a green light!.

It may be easy for you to get drawn into pushing forward to force things to happen and "just do it!".

When you do pursue the bigger (or even smaller) things in life, you can "just do it" provided you are responding to something that has appeared in your reality in a very tangible way. Ultimately, choices you make must feel right in the core of your soul, at the center of your being. Never attempt to initiate an idea that hasn't already appeared as a need in your reality and be discriminating with what you respond to and you can do anything!

## YOUR PROFILE

Your profile describes character traits to your personality. Are you social, investigative, experimental, a hermit, projective or a role model. You have two of these defining traits which will influence how all of your actions, expressions and interactions are done. Beyond your type, your profile is the second biggest force in influencing your design. Your profile is derived from two numbers called lines that come from the gates in your sun and your earth. Lines are a subset of the gates of the I'Ching where each gate is divided into 6 lines.

### 4/6 Opportunist/Role Model

The fourth line in your profile is a social networker with a need for foundation. The 4th line desires the next thing to be lined up before it is ready or willing to move forward. This foundation is based around house, spouse, close friends and career. If it is a job, then you will typically want the offer letter in hand before you resign from your current job. In relationship, you will want at least prospects for a replacement before moving on. 4th line people tend to get stuck in relationship for fear that the replacement won't happen. When faced with the prospect of moving, you are likely to have the next place all lined up before moving out of the current one. As a 4th line profile most of your opportunities for jobs, friends, or significant others will come through your social network. This is how the energy revolves around your design.

The sixth line of your profile lives out 3 different life stages. From birth to about 28.5 years the 6th line profile is prone to experimentation, (similar to a 3rd line profile). You take the results of your experimentation and experiences and try to internalize them. In an attempt to become wise, you sort through what works and what doesn't work and how it has affected you. From age 28.5 to age 50 the 6th line withdraws. There is a realization that the experimentation didn't really work for you and during this period of your life it is said that "you go up on the roof." It is sort of an aloof observational period where you look outward at the world to figure out how things really do work. You look at how other people do things and use their examples of what works and what doesn't work to figure out what works for you. Around age 50 the 6th line profile comes off the roof and moves into the role model phase of life. You have tried things your first 28 years and you have observed things for the next 22 years, now you are wise and ready to step in the role of mentor or role model. You are a passive role model not aggressive. People will seek you out for your expertise, help and advice. You will get involved only when you deem it to be a worthy cause for those who are asking as well as for you.

## YOUR UNDEFINED CENTERS

Your open centers are unlimited in the way they can experience energy for that center. You do not have your own consistent energy for these centers but you can amplify these types of energy from around you. Through these centers you are empathetic to those around you. An undefined Solar Plexus Center can feel the happiness or sadness of another. The undefined Spleen Center can feel ill health. Through this experience of empathy and amplification you are designed to become extremely wise about these centers as you can experience all the shades of the energy coming through.

### [Map of Centers](#)

#### Head

You have an undefined Head Center. Along with 7/8 of the population, you are unlimited in how you experience ideas and inspirations. You may lose your focus with your own ideas, especially when influenced by other people. For example, it could be a struggle to find something you really want when looking at a menu in a crowded restaurant, well it all looks good! Make sure the ideas and inspirations you embrace and work with are your own and feel right over a period of time. You may come under pressure to find the answer to questions. This can include anything from "what was the name of that actor?" to "what do I want to do with my life?" Make sure the questions you are answering are a priority for you and not someone else in your life. Are you still trying to answer other peoples' questions?

#### G-Identity

You have an undefined G-Identity Center. You are unlimited in how you identify yourself and can relate with all kinds of people. You may struggle to "find yourself" simply because it's hard for you to define who you are. Your sense of self may be inconsistent and you may be constantly changing your view of who you are. If your world is impacted by events around you, it may take time to come back to center and feel comfortable. At times you may feel unduly influenced by others. At times, you may question your lovability. A strategy for the open G-Identity is to spend time with loving people whom you honor, admire and can help you to align your identity with higher energies.

#### Solar Plexus

You have an undefined Solar Plexus Center. You can experience emotions in an unlimited fashion. These emotions are generally from people around you, because your own your emotions are steady. If you view yourself as an emotional person, take a look at the people around you as you may be picking up on their emotional waves. Your strategy is to be a screen and acknowledge the emotions you are experiencing, but don't be a sponge and soak them up. If the emotional energy becomes too much, take some alone time to rebalance yourself.

## YOUR DEFINED CENTERS

Your defined centers are the shapes in the chart, the squares the triangles and the diamonds that are colored in. Through these defined centers you have access to your own consistent energy. Because the center is defined, you will experience the energy from each center with a familiar pattern. It may not always be the exact pattern as described, but the description is to give you a flavor of how that energy will come to expression.

### [Map of Centers](#)

#### **Ajna**

You have a defined Ajna. The Ajna center determines how you store data and how you approach process. With a defined Ajna you may be able to store large amounts of data, sometimes to the extent of overwhelming and trivial detail. The Ajna also controls your approach to process. You have a set way for how you process things and do activities. You may tend to always do chores such as laundry, folding your clothes or your morning routine in a precise manner. You may struggle when events interfere with these chores or routines. People may view you as rigid about certain things and try to get you to change, because they don't understand that your process is important to you. You may look at the way other people do things and be perplexed as to why they would want to do it differently than you do. You feel your defined Ajna knows the perfect way to do it and many times it does.

#### **Throat**

You have a defined Throat Center. Your communication is consistent and energized. You have the ability to speak with energy. This may be the energy of the throat itself or of the centers that have a direct connection to the throat, as indicated by a solid line on the human body graph chart.

#### **Heart-Will**

You have a defined Heart-Will Center. You have will power to push through resistance to get things done. This is a powerful attribute, but be careful not to overexert your will just to get your way, as this is also the center of the ego. The Will Center is a pulse motor and is either on or off. When it is off, your will power is lacking and you must remember to rest. Honor your time of relaxation or you can damage your heart. Your words carry an energy of "I promise", whether you mean it or not. Be mindful of expectations you set as your defined will power will communicate commitments even if you don't say, "I promise".

#### **Root**

You have a defined Root Center. Root energy is fueled by adrenaline and this helps you to get things done. As you work through your task lists you will know when enough is enough. The defined Root Center is a pulse motor and is either on or off. When the root is off, there is no energy to push and get things done. It is time to rest. When the root is on, it is as if the clutch is engaged and you are cruising!

**Sacral**

You have a defined Sacral Center. You have the most powerful motor in the Human Design system and it is the energy to get things done. The presence of this motor defines you as a Generator or Manifesting Generator. The sacral motor turns on in the morning, runs all day and burns out at night. This energy rises up from your sacral center and has a physical quality to it. Your strategy for health is to get some physical activity each day to burn up any excess energy. As possible, anything from a full workout to a short walk will help you sleep better and feel healthier. While this is mostly true for all types of people, this is especially true for you.

**Spleen**

You have a defined Spleen Center. You have a complete understanding of time and the now. You have your own defined energies of intuition. The spleen is connected to the immune system. With the defined spleen, you have more consistent energy to maintain your health. Because of this quality, the defined spleen is a "feel good" center. People with undefined spleens may hang out around you to power their spleens and their immune system.

## YOUR DEFINED CHANNELS

Your defined channels have distinct characteristics in the way you act or react. Your defined channels will effect the flow of energy to and from the centers they connect with. As the energy flows through it, the expression of that channel's characteristics will be added to the overall expression.

### **Channel of Mutation** (Gates 3-60)

You have a design that has energy to take a current process and mutate it into a new design. For example, with your studies you are not likely to follow standard routes for degrees. In life you are not likely to feel comfortable in a typical job. You have the energy to take the more mainstream approaches and add your own twist perhaps blending studies or combining tasks.

### **Channel of Power** (Gates 34-57)

This is a channel that has power and awareness. This is energy that guides you and humanity in the now. It tells you what is safe, what your intuition says is best to do right now, and the gate 34 in this channel has immense power to get it done. This is also energy to power your immune system.

### **Channel of Surrender** (Gates 26-44)

This is a channel of connecting and selling and is the energy of the entrepreneur. This energy has the ability to unite the socialist energy of the community with the capitalist energy of the few, or the individual.

### **Channel of Curiosity** (Gates 11-56)

This energy is about curiosity and story telling. A person with this channel has a great gift of expressing ideas and concepts, especially ones that are not logical in story form. Usually the stories involve the senses and/or emotional attributes.

## YOUR DEFINED GATES

Your defined gates are truly what give you definition. It is the sum of these that defines your centers and determines your type. It is all the individual expressions of each gate that make you who you really are. In this section you can look at each gate and its expression individually. Please remember two things: 1. That this is a high level description of the gate and it is just to give you a flavor of how you may express this energy. 2. That these gate attributes do not work in isolation so as they come together in your design the attributes may mutate or change into something greater or something less.

### Energy distribution: Collective 31% Tribal 31 % Individual 38 %

At a high level there are three main types of energy: collective, tribal and individual. The expression of collective energy is ultimately to benefit the collective, or all of humanity. Tribal energy is focused on what is best for the tribe whether it's family, group, community, race or country. Individual energy is driven to benefit you and it does not really care about anyone else in the tribe or the collective. It is useful to see your energy distribution as you can see if you have a bias toward one type of energy. Most of us have a blend but some people have a concentration. If you have a percentage in one group higher than 55%, then you are going to have a bias. If that is individual, then you are going to care mostly about yourself. If the concentration is tribal, then your concern is for the tribe. And lastly, if it is collective, you will be focused on how you effect all of humanity.

#### Gate of Values (# 50)

Values is the energy of values and rules. This gate controls or dictates the rules for the tribe. These rules are all about caring and making sure the tribe is cohesive. The rules are often related to food and provisions.

#### Gate of Acceptance (# 60)

To get things started one needs a push or surge of energy. The Gate of Acceptance energy is like a car starting with bursts of surges. Not all tasks are like the 100 yard dash where the path is straight forward. This energy pushes you off the starting line, but not so fast that you can't change your course once you get going.

#### Gate of Ordering (# 3)

The Gate of Ordering is the energy to finish or complete things. When tasks or projects get started they set off in a direction but they do not always have a clear path or a visible resolution. This energy helps to order or organize the solution so it can come to pass.

#### Gate of Stimulation (# 56)

Stimulation is the energy that brings the ideas and the past events into expression, often through stories. This is the energy of a story teller and is great for teaching and framing information that may be abstract, into cohesive pieces that can be remembered.

<b>Gate of The Determination of the Self</b> (# 46)	<b>Gate of Power</b> (# 34)
The Gate of the Determination of the Self is the energy of the love of the physical body, or the love of the flesh. It manifests in the desire for touch, the drive to maintain fitness, and the joy of living in the physical plane.	The Gate of Power is the busiest, most capable energy in the chart. This is a design of the multitasker. It carries an enormous amount of power, but only in response. When the 34 is not busy, they are in agony.
<b>Gate of Detail</b> (# 62)	<b>Gate of Mystery</b> (# 61)
The Gate of Detail is the energy of small detail. This is bringing into words what does not have a name. By naming something and assigning scope and details to an object or a concept etc., there is a basis for discussion.	The Gate of Mystery is about reaching to know the unknowable. This energy is about the "why's" in life. It can be about striving to know the answers just for sport. It is about the ability to "know" by just knowing, not thru logic, and trying to understand the Big Picture.
<b>Gate of Intuitive Insight</b> (# 57)	<b>Gate of Listener</b> (# 13)
Sometimes called the psychic gate, the Intuitive Insight Gate is about knowing in the now. This gate gives you consistent energy to experience intuition and a knowingness beyond this physical reality.	The Listener is the energy of listening and being open. This energy attracts others to come and share their experiences with you. Sometimes these will be secrets they didn't intend to share, because the energy of this gate evoked their expression.
<b>Gate of The Egoist</b> (# 26)	<b>Gate of Sexuality</b> (# 59)
The Egoist is the gate of the deal maker or the salesman. From this energy can come manipulation and lies, or truth.	Sexuality is the gate of seduction and the gateway to the sacral sexual power. This will often be the energy and drive to sexually reproduce. It can be the energy of coming together in an intimate way in a non-sexual relationship.
<b>Gate of Depth</b> (# 48)	<b>Gate of Continuity</b> (# 32)
With the Gate of Depth, you tend to do or analyze things in great depth. You look at the size and scope of it all and work it in great detail. You may on occasion struggle with feelings that your work is inadequate due to this drive to do things deeply.	Continuity is an instinctive gate to adapt to change and carry on. The drive is to follow socially embraced behavior. Over time, social behavior changes and when that behavior becomes the norm, you are able to adapt quickly.

<b>Gate of Alertness (# 44)</b>	<b>Gate of Power Skills (# 14)</b>
Alertness is the energy to look at past patterns, assess current supply and determine proper action to take. The outcome is awareness about what needs to occur to ensure that material needs will be met.	Power Skills energy fuels your direction in life. It is in the channel of the beat and is called "Keeper of the Keys". It carries with it an assurance that wealth or the accumulation of material things is guaranteed. This energy is fuel to empower the self.
<b>Gate of Ideas (# 11)</b>	
The Gate of Ideas is the bringing together of ideas in the formation of the story. It is sensing energy and is not logical. It is the sorting and piecing of images to create the bigger picture or story.	

## YOUR INCARNATION CROSS

Your incarnation cross made up of the four key gates based on the alignment of the sun and earth in your Human Design. Your incarnation cross gives definition and foundation to your overall energy design and is a cornerstone in your life purpose. Like a snowflake there are many underlying factors within your design that impact exactly how you carry your cross but this gives you another flavor of just how deep Human Design goes.

Of course in order to carry out your incarnation cross you must live your design. This means living consistently with your defined energy and gathering the wisdom through your undefined areas. Living your passions and dreams and not living the influences around you unless they resonate with your soul.

### The Right Angle Cross of Laws 4

Cross Gates: 60 56 50 3

Your Cross has the energy and holds the boundaries of laws. You understand that laws are important because they maintain order and hold our society together. Your energy is bound to the traditional laws or the older customs. In general, lawmaking is an evolutionary process. Rules are established and over time, sometimes taking thousands of years, they change. We cannot just abandon all laws and choose new ones because there needs to be a consistency. You have the energy to provide that stabilizing force and remind us of the rules that help hold us together.

### What does the Right Angle mean?

You have a right angle cross of incarnation. Your destiny in this life is your own process and in that sense you are self absorbed. However you can't live life in a vacuum and so throughout this life you are creating karma for good or not so good with all the others you bump into.
