YOUR TYPE

Your type is the role you have been asked to play in this lifetime. It represents the general purpose that your energy blueprint is designed to provide. Your type energetically interacts with the rest of humanity in a geometric way. At a high level, it defines whether you are here to do work, to guide and lead, to manifest or to reflect. There are 5 types in the human design system. **Realize that you can manifest successfully and create a life of peace and balance whatever your design, provided you live out your type and follow your strategy.**

[Chart Human Design Types](#)

Generator

You are a Generator. You have been given the design to have that powerful sacral motor churning out energy within you. You are here to work and to do things. You have sustainable energy. It is born each day, runs all day and burns out at night. There are many types of work, from mechanical and rhythmic to artistic and eccentric and you are here to work and respond to all that is going on in this world. Find work that is inspiring to you!

YOUR STRATEGY

For each of the 5 types in Human Design there is a corresponding strategy. This is all about geometry and interacting properly with the flow of the energy of the universe, you and other beings. It is by following your strategy that you can maximize the positive results and minimize the drawbacks. The universe is energetic and the flow of opportunity and interaction is influenced by type. Strategy is important in every day life, but especially important for major decisions such as changes in your personal relationships, career, or residence. It is also critical to follow your strategy with commitments to projects or any major investment of your time.

Wait to respond

As a Generator the world expects you to respond. There are many things that may come into your life that offer opportunity for you to take action. You may be tempted to respond to inspirations that come from remote sources, but it is essential you focus on what feels right in your soul. It is also important for you to recognize that if there is nothing in your immediate reality that feels really good, then you must wait. Your strategy for success is to wait until what you are inspired to respond to comes directly into your arena, or peripheral world.

For example, what you respond to needs to be more direct than an inspiration from something on TV. Perhaps that is where the idea starts, but then you must experience this inspiration as an immediate need of the world around you. Maybe you see a news clip about natural health on TV and start to think about a new profession. If no one around you is presenting a need for natural health therapies, then this is a sign that you haven't found quite the right inspiration. Or perhaps it's just not time. On the other hand, if multiple people say, "oh yes, I would love for you to help me with my ailments!" and maybe a friend mentions that you would be great as a natural health practitioner, then you have lots of signs giving you a green light!.

It may be easy for you to get drawn into pushing forward to force things to happen and "just do it!".

When you do pursue the bigger (or even smaller) things in life, you can "just do it" provided you are responding to something that has appeared in your reality in a very tangible way. Ultimately, choices you make must feel right in the core of your soul, at the center of your being. Never attempt to initiate an idea that hasn't already appeared as a need in your reality and be discriminating with what you respond to and you can do anything!

YOUR PROFILE

Your profile describes character traits to your personality. Are you social, investigative, experimental, a hermit, projective or a role model. You have two of these defining traits which will influence how all of your actions, expressions and interactions are done. Beyond your type, your profile is the second biggest force in influencing your design. Your profile is derived from two numbers called lines that come from the gates in your sun and your earth. Lines are a subset of the gates of the I'Ching where each gate is divided into 6 lines.

2/5 Hermit/Heretic

The second line of your profile is a hermit. However, there is a projected social aspect to this part of your profile. So while there is a part of you that needs alone time, there is a part of this energy that projects out to other people and says "Hey this person needs to be called out of their hiding!" Therefore your second line cannot be a successful hermit. There is an important aspect to your need for alone time. It is only in this alone time, only when you are allowed to draw within that you can integrate the happenings around you. Whether this is to absorb and react to interpersonal dynamics or processing some new skill or information that you have learned, you need some down time for integrating this into your being. So take your alone time but accept some invitations too, as you are designed to have this balance of hermitting and going out.

The fifth line of your profile is a projective line and you have a projected field around you, meaning that your 5th line energy is outwardly expressed. This acts like a magnetic force that carries your energy out to people and can draw people in. But like a mirror this energy that is projected out can also be reflected back upon you by people you encounter. If you have sexual energy in your chart you can be accused of flirting even if that is not on your mind. If you have the energy of opinions, you can be judged as opinionated without saying anything. If you have an undefined G center, people may say "You don't really know who you are" even though you may feel grounded. Look at the energy in the rest of your report. At some point have you felt any of the energies projected back on you? Because of this projection you will at times need alone or down time to get out of the field of projection. Take care of yourself and honor your need to be alone some of the time.

YOUR UNDEFINED CENTERS

Your open centers are unlimited in the way they can experience energy for that center. You do not have your own consistent energy for these centers but you can amplify these types of energy from around you. Through these centers you are empathetic to those around you. An undefined Solar Plexus Center can feel the happiness or sadness of another. The undefined Spleen Center can feel ill health. Through this experience of empathy and amplification you are designed to become extremely wise about these centers as you can experience all the shades of the energy coming through.

[Map of Centers](#)

Head

You have an undefined Head Center. Along with 7/8 of the population, you are unlimited in how you experience ideas and inspirations. You may lose your focus with your own ideas, especially when influenced by other people. For example, it could be a struggle to find something you really want when looking at a menu in a crowded restaurant, well it all looks good! Make sure the ideas and inspirations you embrace and work with are your own and feel right over a period of time. You may come under pressure to find the answer to questions. This can include anything from "what was the name of that actor?" to "what do I want to do with my life?" Make sure the questions you are answering are a priority for you and not someone else in your life. Are you still trying to answer other peoples' questions?

Solar Plexus

You have an undefined Solar Plexus Center. You can experience emotions in an unlimited fashion. These emotions are generally from people around you, because your own your emotions are steady. If you view yourself as an emotional person, take a look at the people around you as you may be picking up on their emotional waves. Your strategy is to be a screen and acknowledge the emotions you are experiencing, but don't be a sponge and soak them up. If the emotional energy becomes too much, take some alone time to rebalance yourself.

YOUR DEFINED CENTERS

Your defined centers are the shapes in the chart, the squares the triangles and the diamonds that are colored in. Through these defined centers you have access to your own consistent energy. Because the center is defined, you will experience the energy from each center with a familiar pattern. It may not always be the exact pattern as described, but the description is to give you a flavor of how that energy will come to expression.

[Map of Centers](#)

Ajna

You have a defined Ajna. The Ajna center determines how you store data and how you approach process. With a defined Ajna you may be able to store large amounts of data, sometimes to the extent of overwhelming and trivial detail. The Ajna also controls your approach to process. You have a set way for how you process things and do activities. You may tend to always do chores such as laundry, folding your clothes or your morning routine in a precise manner. You may struggle when events interfere with these chores or routines. People may view you as rigid about certain things and try to get you to change, because they don't understand that your process is important to you. You may look at the way other people do things and be perplexed as to why they would want to do it differently than you do. You feel your defined Ajna knows the perfect way to do it and many times it does.

Throat

You have a defined Throat Center. Your communication is consistent and energized. You have the ability to speak with energy. This may be the energy of the throat itself or of the centers that have a direct connection to the throat, as indicated by a solid line on the human body graph chart.

G-Identity

You have a defined G-Identity Center. You have a good understanding of who you are and are mostly comfortable with yourself. You know where you're going in many respects, even if you don't know how you'll get there. You may have a good sense of direction and geography. If you are moved off your center, you are able to find your balance and recenter yourself more easily than others.

Heart-Will

You have a defined Heart-Will Center. You have will power to push through resistance to get things done. This is a powerful attribute, but be careful not to overexert your will just to get your way, as this is also the center of the ego. The Will Center is a pulse motor and is either on or off. When it is off, your will power is lacking and you must remember to rest. Honor your time of relaxation or you can damage your heart. Your words carry an energy of "I promise", whether you mean it or not. Be mindful of expectations you set as your defined will power will communicate commitments even if you don't say, "I promise".

Root

You have a defined Root Center. Root energy is fueled by adrenaline and this helps you to get things done. As you work through your task lists you will know when enough is enough. The defined Root Center is a pulse motor and is either on or off. When the root is off, there is no energy to push and get things done. It is time to rest. When the root is on, it is as if the clutch is engaged and you are cruising!

Sacral

You have a defined Sacral Center. You have the most powerful motor in the Human Design system and it is the energy to get things done. The presence of this motor defines you as a Generator or Manifesting Generator. The sacral motor turns on in the morning, runs all day and burns out at night. This energy rises up from your sacral center and has a physical quality to it. Your strategy for health is to get some physical activity each day to burn up any excess energy. As possible, anything from a full workout to a short walk will help you sleep better and feel healthier. While this is mostly true for all types of people, this is especially true for you.

Spleen

You have a defined Spleen Center. You have a complete understanding of time and the now. You have your own defined energies of intuition. The spleen is connected to the immune system. With the defined spleen, you have more consistent energy to maintain your health. Because of this quality, the defined spleen is a "feel good" center. People with undefined spleens may hang out around you to power their spleens and their immune system.

YOUR DEFINED CHANNELS

Your defined channels have distinct characteristics in the way you act or react. Your defined channels will effect the flow of energy to and from the centers they connect with. As the energy flows through it, the expression of that channel's characteristics will be added to the overall expression.

Channel of Acceptance (Gates 17-62)

The energy is this channel brings together opinion and small details. Adding the details to the opinion is what gives it some backbone to stand up and be analyzed. This is the voice of "I think this because of

Channel of Judgment (Gates 18-58)

This is a channel of correction to bring about the joy in life. This is judgment with purpose. The expression of this energy is to make things better by making them easier, or faster, or better quality etc.

Channel of Rhythm (Gates 15-5)

Powered by your sacral motor, you are in the rhythm and flow of your energy. While life's bumps and surprises may knock you out of sync, this energy helps you get your swing back quickly. This rhythm can take on the steady beat like the drummer or at times create extreme types of rhythm.

Channel of Structuring (Gates 43-23)

This is the voice that outwardly expresses "I know". This is an intuitive "I know" and it is about you, not about others. This knowing is hard to explain as it is not logical, it just is. This can be frustrating energy as you can speak with absolute conviction that you know what is right, and yet you will struggle to explain why to others.

Channel of Initiation (Gates 25-51)

This is the energy to move from the individual into God, or Spirit in a greater sense. This energy is to shock your way into the love of Spirit. This channel connects the Will Center and the Identity Center, which is the seat of the soul. This energy feeds the love of Spirit for the purpose of finding the deeper spirit within.

Channel of Concentration (Gates 9-52)

This energy is bringing together focus and concentration. With both gates present to form this channel, the energy pushes up from the root giving a consistency of concentration to any task at hand.

YOUR DEFINED GATES

Your defined gates are truly what give you definition. It is the sum of these that defines your centers and determines your type. It is all the individual expressions of each gate that make you who you really are. In this section you can look at each gate and its expression individually. Please remember two things: 1. That this is a high level description of the gate and it is just to give you a flavor of how you may express this energy. 2. That these gate attributes do not work in isolation so as they come together in your design the attributes may mutate or change into something greater or something less.

Energy distribution: Collective 54% Tribal 23 % Individual 23 %

At a high level there are three main types of energy: collective, tribal and individual. The expression of collective energy is ultimately to benefit the collective, or all of humanity. Tribal energy is focused on what is best for the tribe whether it's family, group, community, race or country. Individual energy is driven to benefit you and it does not really care about anyone else in the tribe or the collective. It is useful to see your energy distribution as you can see if you have a bias toward one type of energy. Most of us have a blend but some people have a concentration. If you have a percentage in one group higher than 55%, then you are going to have a bias. If that is individual, then you are going to care mostly about yourself. If the concentration is tribal, then your concern is for the tribe. And lastly, if it is collective, you will be focused on how you effect all of humanity.

Gate of Opinions (# 17)

In logic there is the question, the hypothesis and then opinions about that hypothesis. This energy of the Gate of Opinions is here to offer its opinions about what will work and what will not. Opinions are necessary to find the best and most logical solution, but they are not always welcome as they often feel personal by nature.

Gate of Inaction (# 52)

Inaction is the stillness to see the whole picture and achieve concentration. At times we must withdraw to truly concentrate.

Gate of Correction (# 18)

Correction is logical energy to bring about a better way of doing things. This is the guy who invented the bread slicer. This energy is trying to bring joy to life, to save time or avoid mistakes. But correction can feel personal so express it with prudence.

Gate of Aliveness (# 58)

Aliveness is the energy for the zest or joy in life. It is the insatiable desire to make it better and to challenge the norm to find a better way.

Gate of Friendship (# 37)	Gate of Extremes (# 15)
Friendship is the family or tribal side of community. This is the emotional side of being part of the tribe. There is always a strong underlying desire to be part of a group, family or community.	The Gate of Extremes is energy that expresses itself through extreme rhythms. Whether it be your personal cycle with respect to times you eat, get up and go to sleep or other patterns, the gate of extremes will demand a change from a repetitive cycle after a while. This is also the energy of the love of humanity, the concern for fellow humans and the drive to bring other humans into the flow of life.
Gate of Insight (# 43)	Gate of Self-Expression (# 1)
The Gate of Insight is the energy of awareness and knowing. To communicate the observed insight successfully, however, you need to wait to be recognized before speaking. The voice of this channel is, "I know".	Self-Expression is the gate of the creative self. This energy wants to create in a big way and with a unique style. This creation energy is determined to draw attention to oneself.
Gate of Assimilation (# 23)	Gate of Higher Knowledge (# 2)
Assimilation is the energy of bringing the knowing of something forward and integrating it into expression.	Higher Knowledge is the energy of the driver of the self and moves your soul forward. The irony with this energy is that while you may have little awareness of your own direction, you are a great guide to others.
Gate of Shock (# 51)	Gate of Caution (# 12)
The name of this gate says it all - Shock. People with this energy tend to come out with shocking statements or actions. Sometimes it may be subtle and at other times quite dramatic. Either way, this energy is trying to shock others into connection with the greater sense of Spirit, God or the Divine.	The Gate of Caution is the energy of speaking from heart in an individual way. The energy that says, "I love you". It can express itself through shyness as it is vulnerable.
Gate of The Spirit of the Self (# 25)	Gate of Detail (# 62)
The Spirit of the Self is the love of the spirit of the soul within you. This is also the love of the greater Spirit, as in God or the Divine or whatever definition you choose.	The Gate of Detail is the energy of small detail. This is bringing into words what does not have a name. By naming something and assigning scope and details to an object or a concept etc., there is a basis for discussion.

Gate of Skills (# 16)	Gate of Leading (# 31)
<p>Skills energy is talent for life which has an enthusiasm for expression. Music, dance, art, and speaking are common expressions of this energy. Without the complementary Gate of Depth (gate 48), the expression of this energy may be varied and shallow. Coupled with gate 48, there is depth. For example, in the group known as The Beatles, John Lennon had the 48 and Paul McCartney has the 16.</p>	<p>The Gate of Leading is the voice of the leader. The leadership is only truly successful when properly supported by its complementary gate 7, The Role of the Self.</p>
Gate of Friction (# 6)	Gate of Fixed Rhythms (# 5)
<p>The Gate of Friction is the energy of sexual reproduction and influences when to reproduce, or not. On another level, this energy controls who is allowed in your inner circle and who is an outsider.</p>	<p>Fixed Rhythms energy is a mechanical need to have fixed rhythm in your life. Your habits will have an unconscious push to have rhythm. Perhaps you eat at 6 pm and nothing should interfere with that schedule.</p>
Gate of Focus (# 9)	Gate of Values (# 50)
<p>The Gate of Focus is the power and the energy to remain focused. This energy is driven to repeat and experiment. Without the its complementary gate 52, this energy can exhibit attributes of ADD or ADHD.</p>	<p>Values is the energy of values and rules. This gate controls or dictates the rules for the tribe. These rules are all about caring and making sure the tribe is cohesive. The rules are often related to food and provisions.</p>
Gate of Saying Yes (# 29)	
<p>This energy is the drive to say "Yes". It may lead to over commitment, but the energy includes the perseverance to push through where others quit.</p>	

YOUR INCARNATION CROSS

Your incarnation cross made up of the four key gates based on the alignment of the sun and earth in your Human Design. Your incarnation cross gives definition and foundation to your overall energy design and is a cornerstone in your life purpose. Like a snowflake there are many underlying factors within your design that impact exactly how you carry your cross but this gives you another flavor of just how deep Human Design goes.

Of course in order to carry out your incarnation cross you must live your design. This means living consistently with your defined energy and gathering the wisdom through your undefined areas. Living your passions and dreams and not living the influences around you unless they resonate with your soul.

The Right Angle Cross of Service 2

Cross Gates: 52 58 17 18

The design of your cross is to help guide and correct others. With your lead energy coming out of the 52nd gate you are going to do your guiding from a point of stillness. Like a guidance counselor sitting in an office people will seek you out to hear your advice and opinions about their situation. It is important to follow your type and strategy when offering your opinions and correction as this will produce more positive results.

What does the Right Angle mean?

You have a right angle cross of incarnation. Your destiny in this life is your own process and in that sense you are self absorbed. However you can't live life in a vacuum and so throughout this life you are creating karma for good or not so good with all the others you bump into.
