

**Birthdate: December 18, 2001**

## Incarnation cross

## YOUR TYPE

Your type is the role you have been asked to play in this lifetime. It represents the general purpose that your energy blueprint is designed to provide. Your type energetically interacts with the rest of humanity in a geometric way. At a high level, it defines whether you are here to do work, to guide and lead, to manifest or to reflect. There are 5 types in the human design system. **Realize that you can manifest successfully and create a life of peace and balance whatever your design, provided you live out your type and follow your strategy.**

### [Chart Human Design Types](#)

#### Generator

You are a Generator. You have been given the design to have that powerful sacral motor churning out energy within you. You are here to work and to do things. You have sustainable energy. It is born each day, runs all day and burns out at night. There are many types of work, from mechanical and rhythmic to artistic and eccentric and you are here to work and respond to all that is going on in this world. Find work that is inspiring to you!

## YOUR STRATEGY

For each of the 5 types in Human Design there is a corresponding strategy. This is all about geometry and interacting properly with the flow of the energy of the universe, you and other beings. It is by following your strategy that you can maximize the positive results and minimize the drawbacks. The universe is energetic and the flow of opportunity and interaction is influenced by type. Strategy is important in every day life, but especially important for major decisions such as changes in your personal relationships, career, or residence. It is also critical to follow your strategy with commitments to projects or any major investment of your time.

#### Wait to respond

As a Generator the world expects you to respond. There are many things that may come into your life that offer opportunity for you to take action. You may be tempted to respond to inspirations that come from remote sources, but it is essential you focus on what feels right in your soul. It is also important for you to recognize that if there is nothing in your immediate reality that feels really good, then you must wait. Your strategy for success is to wait until what you are inspired to respond to comes directly into your arena, or peripheral world.

For example, what you respond to needs to be more direct than an inspiration from something on TV. Perhaps that is where the idea starts, but then you must experience this inspiration as an immediate need of the world around you. Maybe you see a news clip about natural health on TV and start to think about a new profession. If no one around you is presenting a need for natural health therapies, then this is a sign that you haven't found quite the right inspiration. Or perhaps it's just not time. On the other hand, if multiple people say, "oh yes, I would love for you to help me with my ailments!" and maybe a friend mentions that you would be great as a natural health practitioner, then you have lots of signs giving you a green light!

It may be easy for you to get drawn into pushing forward to force things to happen and "just do it!". When you do pursue the bigger (or even smaller) things in life, you can "just do it" provided you are

responding to something that has appeared in your reality in a very tangible way. Ultimately, choices you make must feel right in the core of your soul, at the center of your being. Never attempt to initiate an idea that hasn't already appeared as a need in your reality and be discriminating with what you respond to and you can do anything!

## YOUR PROFILE

Your profile describes character traits to your personality. Are you social, investigative, experimental, a hermit, projective or a role model. You have two of these defining traits which will influence how all of your actions, expressions and interactions are done. Beyond your type, your profile is the second biggest force in influencing your design. Your profile is derived from two numbers called lines that come from the gates in your sun and your earth. Lines are a subset of the gates of the I'Ching where each gate is divided into 6 lines.

### 5/1 Heretic/Investigator

The fifth line of your profile is a projective line and you have a projected field around you, meaning that your 5th line energy is outwardly expressed. This acts like a magnetic force that carries your energy out to people and can draw people in. But like a mirror this energy that is projected out can also be reflected back upon you by people you encounter. If you have sexual energy in your chart you can be accused of flirting even if that is not on your mind. If you have the energy of opinions, you can be judged as opinionated without saying anything. If you have an undefined G center, people may say "You don't really know who you are" even though you may feel grounded. Look at the energy in the rest of your report. At some point have you felt any of the energies projected back on you? Because of this projection you will at times need alone or down time to get out of the field of projection. Take care of yourself and honor your need to be alone some of the time.

The first line of your profile is a foundational investigator. You are a person who will ask a lot of questions. You need to have a solid understanding of the details before you can proceed. This need to understand provides an underlying feeling of comfort. When you understand it all you are comfortable and when you don't there is the nagging drive to find out. If you are learning a new profession, you will get all the books, take as many courses as you can and feel you need to know it all before starting to take clients or customers. If you are planning a trip you will be driven to investigate it in great detail including ways to get there, what to do, places to stay, etc. The 1st line gathers all this information and applies it to themselves. How does this affect me? How does this change what I am going to do? Am I comfortable doing this now that I know all about it?

## YOUR UNDEFINED CENTERS

Your open centers are unlimited in the way they can experience energy for that center. You do not have your own consistent energy for these centers but you can amplify these types of energy from around you. Through these centers you are empathetic to those around you. An undefined Solar Plexus Center can feel the happiness or sadness of another. The undefined Spleen Center can feel ill health. Through this experience of empathy and amplification you are designed to become extremely wise about these centers as you can experience all the shades of the energy coming through.

### [Map of Centers](#)

#### Head

You have an undefined Head Center. Along with 7/8 of the population, you are unlimited in how you experience ideas and inspirations. You may lose your focus with your own ideas, especially when influenced by other people. For example, it could be a struggle to find something you really want when looking at a menu in a crowded restaurant, well it all looks good! Make sure the ideas and inspirations you embrace and work with are your own and feel right over a period of time. You may come under pressure to find the answer to questions. This can include anything from "what was the name of that actor?" to "what do I want to do with my life?" Make sure the questions you are answering are a priority for you and not someone else in your life. Are you still trying to answer other peoples' questions?

#### Ajna

You have an undefined Ajna and are unlimited in the way you can think about things. You easily look at problems from many angles. You may vary how you do your tasks and chores and are flexible in trying new ways of doing things. You may struggle with remembering details. This can happen even when you felt confident you would remember. You tend to feel uncertain when it comes to making decisions. At a restaurant you may change your mind often and then be disappointed with what you ordered when it shows up. You may struggle to focus in large groups or noisy situations. Your best strategy is to make lists or write things down that you will need to recall.

#### Throat

You have an undefined Throat Center. You are unlimited in the ways in which you express yourself. You can modulate your speech and voice to communicate with anyone in a way they will understand. However, at times in your life you may have struggled to feel heard or listened to. You may have developed elaborate strategies to be recognized so your words would be acknowledged. For example, when you do "get the floor" with your audience, you may resist giving it up for fear that you will fall back into being unheard. It is also possible that you have grown tired of not being heard and have fallen quiet. Your strategy around communication is to let your energy carry the message that you have a lot to say. It is through this quiet focus that you will be recognized to speak. Once you have been recognized by others, you will be heard.

#### Heart-Will

You have an undefined Heart-Will Center. You are unlimited in the way you experience will power, but are inconsistent with this energy and may lack the ability to get things done by pushing through with your will. You can increase your will power by amplifying someone else's will power energy, but the better option is to succeed by using your Human Design type and strategy. This is also the center of the ego and you may occasionally suffer from feeling unworthy. You may struggle to value your

contributions and charge a fair amount for your services. If you're overexerting your will power, the question to ask yourself is, "What am I trying to prove?" You are here to be truly wise about what's valuable and to show others that there are more effective ways to manifest than by pushing with will alone.

**Spleen**

You have an undefined Spleen Center. You have an unlimited ability to understand intuition. You may experience time in unlimited and undefined ways. You may lose track of time, having 15 minute conversations that last 2 hours. It is likely that you struggle with being on time, either watching the clock like a hawk to ensure timeliness, being extremely early to everything or always being late. You may also be vulnerable to sudden rashes of fear, because this is the center for survival based activities driven by fear. An undefined spleen can be a great asset to a hands on energy worker, drawing on universal energy and amplifying it with your open spleen center. Your immune system has an inconsistent supply of energy and is more vulnerable. As a result, you are likely to be sensitive to everything happening in your body. Sometimes people with undefined spleens can be viewed as hypochondriacs, but in truth, you are just more sensitive to the inner workings of your body.

## YOUR DEFINED CENTERS

Your defined centers are the shapes in the chart, the squares the triangles and the diamonds that are colored in. Through these defined centers you have access to your own consistent energy. Because the center is defined, you will experience the energy from each center with a familiar pattern. It may not always be the exact pattern as described, but the description is to give you a flavor of how that energy will come to expression.

### [Map of Centers](#)

#### **G-Identity**

You have a defined G-Identity Center. You have a good understanding of who you are and are mostly comfortable with yourself. You know where you're going in many respects, even if you don't know how you'll get there. You may have a good sense of direction and geography. If you are moved off your center, you are able to find your balance and recenter yourself more easily than others.

#### **Solar Plexus**

You have a defined Solar Plexus Center and are an emotional being. The Solar Plexus defines its energy in waves that move from joyful highs to melancholic lows. The emotional solar plexus provides clarity about decisions over time and it is essential that you ride the whole wave to achieve clarity. What feels right when you're at the top of your wave may feel wrong when you're at the bottom. When you are at the bottom of the wave don't look for the reasons, just know that it's a cycle and it will pass. A good strategy for the defined Solar Plexus is to track the cycle of your emotional wave. How long does it last? What makes it worse? What makes it better? It's okay to schedule downtime if you know you are likely to be at the bottom of your wave. It all serves a purpose! There are 3 types of waves and here is a description of yours.

Your emotional Solar Plexus is powered by a tribal wave. This wave is like the tribal drum beat and is steady in rhythm moving up toward joy and down toward sadness. You may not notice this wave as it typically has a small range and is the least dramatic of the emotional waves.

#### **Root**

You have a defined Root Center. Root energy is fueled by adrenaline and this helps you to get things done. As you work through your task lists you will know when enough is enough. The defined Root Center is a pulse motor and is either on or off. When the root is off, there is no energy to push and get things done. It is time to rest. When the root is on, it is as if the clutch is engaged and you are cruising!

#### **Sacral**

You have a defined Sacral Center. You have the most powerful motor in the Human Design system and it is the energy to get things done. The presence of this motor defines you as a Generator or Manifesting Generator. The sacral motor turns on in the morning, runs all day and burns out at night. This energy rises up from your sacral center and has a physical quality to it. Your strategy for health is to get some physical activity each day to burn up any excess energy. As possible, anything from a full workout to a short walk will help you sleep better and feel healthier. While this is mostly true for all types of people, this is especially true for you.

## YOUR DEFINED CHANNELS

Your defined channels have distinct characteristics in the way you act or react. Your defined channels will effect the flow of energy to and from the centers they connect with. As the energy flows through it, the expression of that channel's characteristics will be added to the overall expression.

### **Channel of Rhythm** (Gates 15-5)

Powered by your sacral motor, you are in the rhythm and flow of your energy. While life's bumps and surprises may knock you out of sync, this energy helps you get your swing back quickly. This rhythm can take on the steady beat like the drummer or at times create extreme types of rhythm.

### **Channel of Synthesis** (Gates 49-19)

This is the synthesis of emotion and means you may be very sensitive. This sensitivity can be the energy of someone who is very connected to animals. It also can be that you have heightened sensitivity to noise or the environment. This is all about bringing sensation into emotion and potentially action.

## YOUR DEFINED GATES

Your defined gates are truly what give you definition. It is the sum of these that defines your centers and determines your type. It is all the individual expressions of each gate that make you who you really are. In this section you can look at each gate and its expression individually. Please remember two things: 1. That this is a high level description of the gate and it is just to give you a flavor of how you may express this energy. 2. That these gate attributes do not work in isolation so as they come together in your design the attributes may mutate or change into something greater or something less.

### Energy distribution: Collective 46% Tribal 31 % Individual 23 %

At a high level there are three main types of energy: collective, tribal and individual. The expression of collective energy is ultimately to benefit the collective, or all of humanity. Tribal energy is focused on what is best for the tribe whether it's family, group, community, race or country. Individual energy is driven to benefit you and it does not really care about anyone else in the tribe or the collective. It is useful to see your energy distribution as you can see if you have a bias toward one type of energy. Most of us have a blend but some people have a concentration. If you have a percentage in one group higher than 55%, then you are going to have a bias. If that is individual, then you are going to care mostly about yourself. If the concentration is tribal, then your concern is for the tribe. And lastly, if it is collective, you will be focused on how you effect all of humanity.

Gate of The Determination of the Self (# 46)	Gate of Ideas (# 11)
The Gate of the Determination of the Self is the energy of the love of the physical body, or the love of the flesh. It manifests in the desire for touch, the drive to maintain fitness, and the joy of living in the physical plane.	The Gate of Ideas is the bringing together of ideas in the formation of the story. It is sensing energy and is not logical. It is the sorting and piecing of images to create the bigger picture or story.
Gate of The Spirit of the Self (# 25)	Gate of Caution (# 12)
The Spirit of the Self is the love of the spirit of the soul within you. This is also the love of the greater Spirit, as in God or the Divine or whatever definition you choose.	The Gate of Caution is the energy of speaking from heart in an individual way. The energy that says, "I love you". It can express itself through shyness as it is vulnerable.

<b>Gate of Power Skills (# 14)</b>	<b>Gate of Wanting (# 19)</b>
Power Skills energy fuels your direction in life. It is in the channel of the beat and is called "Keeper of the Keys". It carries with it an assurance that wealth or the accumulation of material things is guaranteed. This energy is fuel to empower the self.	The Gate of Wanting is the energy that wants and needs community. It wants unrestricted access to community. People with this energy may also appear to be overly sensitive or easily disturbed and distracted.
<b>Gate of Extremes (# 15)</b>	<b>Gate of Behavior of the Self (# 10)</b>
The Gate of Extremes is energy that expresses itself through extreme rhythms. Whether it be your personal cycle with respect to times you eat, get up and go to sleep or other patterns, the gate of extremes will demand a change from a repetitive cycle after a while. This is also the energy of the love of humanity, the concern for fellow humans and the drive to bring other humans into the flow of life.	The Gate of the Behavior of Self carries energy about understanding behavior within the norms of your human society. How it is expressed may take on flavors of complete acceptance of norms, challenging norms when appropriate or complete defiance. Your expression will remain consistent within your theme or style of expression. This is the energy of self-love. This is also the consistent energy to love others.
<b>Gate of Continuity (# 32)</b>	<b>Gate of Aliveness (# 58)</b>
Continuity is an instinctive gate to adapt to change and carry on. The drive is to follow socially embraced behavior. Over time, social behavior changes and when that behavior becomes the norm, you are able to adapt quickly.	Aliveness is the energy for the zest or joy in life. It is the insatiable desire to make it better and to challenge the norm to find a better way.
<b>Gate of Sexuality (# 59)</b>	<b>Gate of The Egoist (# 26)</b>
Sexuality is the gate of seduction and the gateway to the sacral sexual power. This will often be the energy and drive to sexually reproduce. It can be the energy of coming together in an intimate way in a non-sexual relationship.	The Egoist is the gate of the deal maker or the salesman. From this energy can come manipulation and lies, or truth.
<b>Gate of Friendship (# 37)</b>	<b>Gate of The Provocateur (# 39)</b>
Friendship is the family or tribal side of community. This is the emotional side of being part of the tribe. There is always a strong underlying desire to be part of a group, family or community.	The Provocateur is the energy to provoke into action. It is an energetic burst to create change from the emotional stillness or sadness.

<b>Gate of Change (# 35)</b>	<b>Gate of Skills (# 16)</b>
The Gate of Change is the sense of a need for change. The sense that the wheel needs to turn. It is not a logical next step, but a sense that this is the right direction to go. Like walking around a wheel there will need to be another step and then another step to keep the wheel turning.	Skills energy is talent for life which has an enthusiasm for expression. Music, dance, art, and speaking are common expressions of this energy. Without the complementary Gate of Depth (gate 48), the expression of this energy may be varied and shallow. Coupled with gate 48, there is depth. For example, in the group known as The Beatles, John Lennon had the 48 and Paul McCartney has the 16.
<b>Gate of Principles (# 49)</b>	<b>Gate of Contraction (# 41)</b>
The Gate of Principles is the energy of principles and revolution. If the activity or behavior is not within the boundaries of the perceived principles, then this energy will push for revolution and change until it falls within the range of the principle.	The Gate of Contraction is the energy of contracting or pulling back. It is an emotional energy of regrouping in preparation for the next expansion.
<b>Gate of Fixed Rhythms (# 5)</b>	
Fixed Rhythms energy is a mechanical need to have fixed rhythm in your life. Your habits will have an unconscious push to have rhythm. Perhaps you eat at 6 pm and nothing should interfere with that schedule.	

## YOUR INCARNATION CROSS

Your incarnation cross made up of the four key gates based on the alignment of the sun and earth in your Human Design. Your incarnation cross gives definition and foundation to your overall energy design and is a cornerstone in your life purpose. Like a snowflake there are many underlying factors within your design that impact exactly how you carry your cross but this gives you another flavor of just how deep Human Design goes.

Of course in order to carry out your incarnation cross you must live your design. This means living consistently with your defined energy and gathering the wisdom through your undefined areas. Living your passions and dreams and not living the influences around you unless they resonate with your soul.

### The Left Angle Cross of Education 2

Cross Gates: 11 12 46 25

You have the Cross of Education and the energy that supports the value of education. You are designed to be a proponent of education because it is a vehicle for us to gain a better understanding of who we are. As we understand who we are, we are given a chance to evolve. Education is the basis of that evolution and you are here to be involved and help make it available to all.

### What does the Left Angle mean?

You were born with a left angle cross of incarnation. This means that your life process is about dealing with karma and you need others to fulfill your life destiny. By moving through karmic interactions, both good ones and not so good, you live out your destiny. You are not designed to carry out your life purpose alone.
