### Overview

**Type:** Projector

Conditioning Theme: Bitterness

Strategy: Wait to be Invited

**Profile:** 2 / 5, Hermit Heretic

42-32 / 61-62: The right angle cross of Maya

Right angle - Personal Destiny

**Definition with parts:** Single Definition

**Inner Authority:** Self Projected

## YOUR TYPE

Your type is the role you have been asked to play in this lifetime. It represents the general purpose that your energy blueprint is designed to provide. Your type energetically interacts with the rest of humanity in a geometric way. At a high level, it defines whether you are here to do work, to guide and lead, to manifest or to reflect. There are 5 types in the human design system. **Realize that you can manifest successfully and create a life of peace and balance whatever your design, provided you live out your type and follow your strategy.**

### Chart Human Design Types

#### Projector

You are a Projector. You are here to guide, lead, manage and project ideas and inspirations. You have a great gift to share with the world but to do so you need to be invited. Nobody likes to have somebody just step in and take over, there needs to be an invitation. You do not have sustainable energy to work in long continuous blocks. While you can do it for a while, ultimately you will break down either mentally, physically or both. You need to have a strategy to break up your work hours and you may need to nap.

## YOUR STRATEGY

For each of the 5 types in Human Design there is a corresponding strategy. This is all about geometry and interacting properly with the flow of the energy of the universe, you and other beings. It is by following your strategy that you can maximize the positive results and minimize the drawbacks. The universe is energetic and the flow of opportunity and interaction is influenced by type. Strategy is important in every day life, but especially important for major decisions such as changes in your personal relationships, career, or residence. It is also critical to follow your strategy with commitments to projects or any major investment of your time.

#### Wait to be invited

As a Projector the world expects you to be invited and this is the only strategy that positions you for success. Be patient and wait for the invitations to come to you. The more an invitation is defined and coming from a place of legitimacy, the better off you'll be and the more your contribution will be accepted. A Projector may often be rebuffed for offering vision or guidance without invitation. Perhaps there have been times you've offered advice to family or friends without their asking. This likely has had an unsuccessful outcome. This can be trying for you as you have the energy to lead and guide. You truly believe you know better, and many times (not always) you do.

As an example of what is meant by "waiting to be invited", let's say you would like to find a new career. You have always loved animals and decide that you want to start your own pet sitting business. If you tell all your friends and no one says anything supportive, then you have a definite sign that this is not a good direction. On the other hand, if one or more of them says to you, "yea, that sounds like a good idea, you'd be good at that," then you have a lukewarm invitation, because it's a passive invitation. And finally, if you have 2 or 3 people with pets ask you to take care of their animals over the weekend and they mention that this would be a great job for you, then you have yourself a very legitimate invitation.

Look for invitations in your reality. The more personal, powerful or direct the invitation, the better. Make sure the opportunity feels right in the core of your soul, in the center of your being. It is a trick for the Projector to wait for the right invitation. Often an invitation that feels lukewarm will be followed by a more direct one, if you can allow yourself to wait. In some cases, you may be able to ask friends or family to finesse an invitation on your behalf (e.g. getting the right job interview). A Projector who enters into life with an invitation and the right intentions can do anything.

## YOUR PROFILE

Your profile describes character traits to your personality. Are you social, investigative, experimental, a hermit, projective or a role model. You have two of these defining traits which will influence how all of your actions, expressions and interactions are done. Beyond your type, your profile is the second biggest force in influencing your design. Your profile is derived from two numbers called lines that come from the gates in your sun and your earth. Lines are a subset of the gates of the I'Ching where each gate is divided into 6 lines.

### 2/5 Hermit/Heretic

The second line of your profile is a hermit. However, there is a projected social aspect to this part of your profile. So while there is a part of you that needs alone time, there is a part of this energy that projects out to other people and says "Hey this person needs to be called out of their hiding!" Therefore your second line cannot be a successful hermit. There is an important aspect to your need for alone time. It is only in this alone time, only when you are allowed to draw within that you can integrate the happenings around you. Whether this is to absorb and react to interpersonal dynamics or processing some new skill or information that you have learned, you need some down time for integrating this into your being. So take your alone time but accept some invitations too, as you are designed to have this balance of hermitting and going out.

The fifth line of your profile is a projective line and you have a projected field around you, meaning that your 5th line energy is outwardly expressed. This acts like a magnetic force that carries your energy out to people and can draw people in. But like a mirror this energy that is projected out can also be reflected back upon you by people you encounter. If you have sexual energy in your chart you can be accused of flirting even if that is not on your mind. If you have the energy of opinions, you can be judged as opinionated without saying anything. If you have an undefined G center, people may say "You don't really know who you are" even though you may feel grounded. Look at the energy in the rest of your report. At some point have you felt any of the energies projected back on you? Because of this projection you will at times need alone or down time to get out of the field of projection. Take care of yourself and honor your need to be alone some of the time.

## YOUR UNDEFINED CENTERS

Your open centers are unlimited in the way they can experience energy for that center. You do not have your own consistent energy for these centers but you can amplify these types of energy from around you. Through these centers you are empathetic to those around you. An undefined Solar Plexus Center can feel the happiness or sadness of another. The undefined Spleen Center can feel ill health. Through this experience of empathy and amplification you are designed to become extremely wise about these centers as you can experience all the shades of the energy coming through.

### [Map of Centers](#)

#### **Heart-Will**

You have an undefined Heart-Will Center. You are unlimited in the way you experience will power, but are inconsistent with this energy and may lack the ability to get things done by pushing through with your will. You can increase your will power by amplifying someone else's will power energy, but the better option is to succeed by using your Human Design type and strategy. This is also the center of the ego and you may occasionally suffer from feeling unworthy. You may struggle to value your contributions and charge a fair amount for your services. If you're overexerting your will power, the question to ask yourself is, "What am I trying to prove?" You are here to be truly wise about what's valuable and to show others that there are more effective ways to manifest than by pushing with will alone.

#### **Solar Plexus**

You have an undefined Solar Plexus Center. You can experience emotions in an unlimited fashion. These emotions are generally from people around you, because your own emotions are steady. If you view yourself as an emotional person, take a look at the people around you as you may be picking up on their emotional waves. Your strategy is to be a screen and acknowledge the emotions you are experiencing, but don't be a sponge and soak them up. If the emotional energy becomes too much, take some alone time to rebalance yourself.

#### **Root**

You have an undefined Root Center. You are unlimited in experiencing adrenaline and root energy, but it is inconsistent. At times it may feel as if you are spinning your wheels trying to get things done. You may feel under pressure to complete your task list and struggle to break off your compulsion to work on the never ending list. Many people with hyperactivity and/or ADHD have undefined Root Centers. Your best strategy is to keep the energy around you peaceful and create structure around the tasks before you.

#### **Sacral**

You have an undefined Sacral Center. You can experience sacral energy in unlimited ways, but do not generate it on your own. You can utilize other people's sacral energy to get things done, but this is not sustainable. You need a strategy for working as you are not designed to survive the 9 to 5 work world. If you can break up your schedule so you can rest or nap in between it will help. Your best sleep strategy is to go to bed before you are actually tired. This will help dissipate external energy so you can sleep soundly.

## Spleen

You have an undefined Spleen Center. You have an unlimited ability to understand intuition. You may experience time in unlimited and undefined ways. You may lose track of time, having 15 minute conversations that last 2 hours. It is likely that you struggle with being on time, either watching the clock like a hawk to ensure timeliness, being extremely early to everything or always being late. You may also be vulnerable to sudden rashes of fear, because this is the center for survival based activities driven by fear. An undefined spleen can be a great asset to a hands on energy worker, drawing on universal energy and amplifying it with your open spleen center. Your immune system has an inconsistent supply of energy and is more vulnerable. As a result, you are likely to be sensitive to everything happening in your body. Sometimes people with undefined spleens can be viewed as hypochondriacs, but in truth, you are just more sensitive to the inner workings of your body.

## YOUR DEFINED CENTERS

Your defined centers are the shapes in the chart, the squares the triangles and the diamonds that are colored in. Through these defined centers you have access to your own consistent energy. Because the center is defined, you will experience the energy from each center with a familiar pattern. It may not always be the exact pattern as described, but the description is to give you a flavor of how that energy will come to expression.

### [\*\*Map of Centers\*\*](#)

#### **Head**

You have a defined Head Center and are in the minority along with only 1/8 of the population. You are here to inspire others and your ideas pour forth, even if you are not aware of this quality. You usually find it easy to stay focused even in a noisy environment. Your ideas may raise questions for you or for others, but you don't tend to feel pressured to answer them. It is your ideas and inspirations that the other 7/8 of the population is here to work on and manifest.

#### **Ajna**

You have a defined Ajna. The Ajna center determines how you store data and how you approach process. With a defined Ajna you may be able to store large amounts of data, sometimes to the extent of overwhelming and trivial detail. The Ajna also controls your approach to process. You have a set way for how you process things and do activities. You may tend to always do chores such as laundry, folding your clothes or your morning routine in a precise manner. You may struggle when events interfere with these chores or routines. People may view you as rigid about certain things and try to get you to change, because they don't understand that your process is important to you. You may look at the way other people do things and be perplexed as to why they would want to do it differently than you do. You feel your defined Ajna knows the perfect way to do it and many times it does.

#### **Throat**

You have a defined Throat Center. Your communication is consistent and energized. You have the ability to speak with energy. This may be the energy of the throat itself or of the centers that have a direct connection to the throat, as indicated by a solid line on the human body graph chart.

#### **G-Identity**

You have a defined G-Identity Center. You have a good understanding of who you are and are mostly comfortable with yourself. You know where you're going in many respects, even if you don't know how you'll get there. You may have a good sense of direction and geography. If you are moved off your center, you are able to find your balance and recenter yourself more easily than others.

## YOUR DEFINED CHANNELS

Your defined channels have distinct characteristics in the way you act or react. Your defined channels will effect the flow of energy to and from the centers they connect with. As the energy flows through it, the expression of that channel's characteristics will be added to the overall expression.

### **Channel of Abstraction** (Gates 47-64)

This is the energy of bringing the abstract pieces into the whole. This energy is the "aha" moment. Moving from confusion to seeing the big picture is what this energy is about.

### **Channel of Acceptance** (Gates 17-62)

The energy in this channel brings together opinion and small details. Adding the details to the opinion is what gives it some backbone to stand up and be analyzed. This is the voice of "I think this because of

### **Channel of The Alpha** (Gates 31-7)

This is the channel of leadership. The energy that flows through this channel moves from the G/Identity Center to be expressed through the Throat Center. Leadership in this channel can take on many shapes from dictator to socialist.

## YOUR DEFINED GATES

Your defined gates are truly what give you definition. It is the sum of these that defines your centers and determines your type. It is all the individual expressions of each gate that make you who you really are. In this section you can look at each gate and its expression individually. Please remember two things: 1. That this is a high level description of the gate and it is just to give you a flavor of how you may express this energy. 2. That these gate attributes do not work in isolation so as they come together in your design the attributes may mutate or change into something greater or something less.

### Energy distribution: Collective 46% Tribal 19 % Individual 35 %

At a high level there are three main types of energy: collective, tribal and individual. The expression of collective energy is ultimately to benefit the collective, or all of humanity. Tribal energy is focused on what is best for the tribe whether it's family, group, community, race or country. Individual energy is driven to benefit you and it does not really care about anyone else in the tribe or the collective. It is useful to see your energy distribution as you can see if you have a bias toward one type of energy. Most of us have a blend but some people have a concentration. If you have a percentage in one group higher than 55%, then you are going to have a bias. If that is individual, then you are going to care mostly about yourself. If the concentration is tribal, then your concern is for the tribe. And lastly, if it is collective, you will be focused on how you effect all of humanity.

Gate of Mystery (# 61)	Gate of Growth (# 42)
The Gate of Mystery is about reaching to know the unknowable. This energy is about the "why's" in life. It can be about striving to know the answers just for sport. It is about the ability to "know" by just knowing, not thru logic, and trying to understand the Big Picture.	Growth is the energy of maximizing the potential then bringing it to closure. Closure or completion of growth is necessary to allow the next step to be taken.
Gate of Detail (# 62)	Gate of Continuity (# 32)
The Gate of Detail is the energy of small detail. This is bringing into words what does not have a name. By naming something and assigning scope and details to an object or a concept etc., there is a basis for discussion.	Continuity is an instinctive gate to adapt to change and carry on. The drive is to follow socially embraced behavior. Over time, social behavior changes and when that behavior becomes the norm, you are able to adapt quickly.

<b>Gate of The Role of the Self (# 7)</b>	<b>Gate of Values (# 50)</b>
The Role of the Self is energy that pushes for leadership. It can take on many flavors like democratic or dictator depending on the situation and the energy supporting it.	Values is the energy of values and rules. This gate controls or dictates the rules for the tribe. These rules are all about caring and making sure the tribe is cohesive. The rules are often related to food and provisions.
<b>Gate of Realizing (# 47)</b>	<b>Gate of Openness (# 22)</b>
The energy of the Realizing Gate is to pull the abstract pieces from the complementary gate 64 into a whole cohesive idea in the "AHA!" moment. This is the epiphany and is the creation of a whole concept or process from the abstract, without using logic. Before it was pieces and now it is a whole.	Openness is the energy to be open as an individual to hear the emotional wishes of the collective. A person with this energy can easily "work a room" if they are in the mood.
<b>Gate of Aliveness (# 58)</b>	<b>Gate of Crisis (# 36)</b>
Aliveness is the energy for the zest or joy in life. It is the insatiable desire to make it better and to challenge the norm to find a better way.	The Gate of Crisis moves for change through the pain and confusion of experience. This energy is driven to express a change, a next step on the journey to bring light to a cloudy and darkened scene. The cycle works in continuous fashion: crisis, reflection, and expression of change followed by relief and then building crisis and round again you go.
<b>Gate of Focus (# 9)</b>	<b>Gate of Opinions (# 17)</b>
The Gate of Focus is the power and the energy to remain focused. This energy is driven to repeat and experiment. Without its complementary gate 52, this energy can exhibit attributes of ADD or ADHD.	In logic there is the question, the hypothesis and then opinions about that hypothesis. This energy of the Gate of Opinions is here to offer its opinions about what will work and what will not. Opinions are necessary to find the best and most logical solution, but they are not always welcome as they often feel personal by nature.
<b>Gate of Leading (# 31)</b>	<b>Gate of Stimulation (# 56)</b>
The Gate of Leading is the voice of the leader. The leadership is only truly successful when properly supported by its complementary gate 7, The Role of the Self.	Stimulation is the energy that brings the ideas and the past events into expression, often through stories. This is the energy of a story teller and is great for teaching and framing information that may be abstract, into cohesive pieces that can be remembered.

<b>Gate of Confusion</b> (# 64)	<b>Gate of Aloneness</b> (# 40)
Confusion energy is the abstract. "We have all these little pieces of the puzzle, how do they go together?" You have the ability to identify all the pieces, but may struggle to put it all together. In looking at all the pieces it can be a bit confusing or dizzying.	Aloneness energy is part of the channel of community, yet this is the lonely side. This is the energy of being separate from the group or the family.
<b>Gate of Insight</b> (# 43)	<b>Gate of The Egoist</b> (# 26)
The Gate of Insight is the energy of awareness and knowing. To communicate the observed insight successfully, however, you need to wait to be recognized before speaking. The voice of this channel is, "I know".	The Egoist is the gate of the deal maker or the salesman. From this energy can come manipulation and lies, or truth.
<b>Gate of Intuitive Insight</b> (# 57)	
Sometimes called the psychic gate, the Intuitive Insight Gate is about knowing in the now. This gate gives you consistent energy to experience intuition and a knowingness beyond this physical reality.	

## YOUR INCARNATION CROSS

Your incarnation cross made up of the four key gates based on the alignment of the sun and earth in your Human Design. Your incarnation cross gives definition and foundation to your overall energy design and is a cornerstone in your life purpose. Like a snowflake there are many underlying factors within your design that impact exactly how you carry your cross but this gives you another flavor of just how deep Human Design goes.

Of course in order to carry out your incarnation cross you must live your design. This means living consistently with your defined energy and gathering the wisdom through your undefined areas. Living your passions and dreams and not living the influences around you unless they resonate with your soul.

### The Right Angle Cross of Maya

Cross Gates: 42 32 61 62

This is the Cross that is driven by closure. It is important for you to pursue what you are passionate about, with a scope that is achievable, regardless of the challenges you may face. Your drive to find closure is only accomplished when you take into account the environment and all that makes up your reality. Understanding fully how your environment works is really the key to being at peace with this Cross.

### What does the Right Angle mean?

You have a right angle cross of incarnation. Your destiny in this life is your own process and in that sense you are self absorbed. However you can't live life in a vacuum and so throughout this life you are creating karma for good or not so good with all the others you bump into.

### Credits:

The material in this report comes from a variety of sources.

Primary source for much of the information comes from the teachings of Ra Uru Hu who encountered "The Voice" in January of 1987.

You can find more information about Ra and his offerings at [JovianArchive.com](http://JovianArchive.com)

Another primary source for information is Karen Curry Parker, a former student of Ra, and my teacher.

You can find more information about Karen and the excellent things she does at [QuantumHumanDesign](http://QuantumHumanDesign)

The chart displayed in this report is created from software by Erik Memmert.

You can download free trial software to run charts at [NewSunWare.com](http://NewSunWare.com)
