## Overview

**Type:** Manifesting Generator

**Conditioning Theme:** Frustration

**Strategy:** Respond, envision, reprocess, inform, act

**Profile:** 5 / 1, Heretical Investigator

20-34 / 37-40: The left angle cross of Duality

Left angle - Trans-Personal Karma

**Definition:** Single Definition

**Inner Authority:** Emotional Solar Plexus

## YOUR TYPE

Your type is the role you have been asked to play in this lifetime. It represents the general purpose that your energy blueprint is designed to provide. Your type energetically interacts with the rest of humanity in a geometric way. At a high level, it defines whether you are here to do work, to guide and lead, to manifest or to reflect. There are 5 types in the human design system. **Realize that you can manifest successfully and create a life of peace and balance whatever your design, provided you live out your type and follow your strategy.**

### [Chart Human Design Types](#)

#### Manifesting Generator

You are a Manifesting Generator. You are here to work. You have been given the design to have that powerful sacral motor churning out energy within you. You are here to work and to do things. You have sustainable energy. It is born each day, runs all day and burns out at night. You have a limited amount of ability to go out and create so be careful not to fool yourself into thinking you are a Manifestor. You have a lot of energy to express, but make sure you do it in response not through pure initiation. There are many types of work. Find work that is inspiring to you.

## YOUR STRATEGY

For each of the 5 types in Human Design there is a corresponding strategy. This is all about geometry and interacting properly with the flow of the energy of the universe, you and other beings. It is by following your strategy that you can maximize the positive results and minimize the drawbacks. The universe is energetic and the flow of opportunity and interaction is influenced by type. Strategy is important in every day life, but especially important for major decisions such as changes in your personal relationships, career, or residence. It is also critical to follow your strategy with commitments to projects or any major investment of your time.

#### **Respond, envision, reprocess, inform, act.**

You are a Manifesting Generator, but at the heart of it you are a Generator. You have the powerful sacral motor to move you through whatever work or play you choose to do each day. You also have manifesting energy for the initiation of ideas, projects or creations. Because your Generator energy dominates, your key strategy is to respond to things that appear in your reality rather than initiate on your own. This can present frustration at times, because you just want to see your ideas manifested - now! While you do have the ability to initiate on some level, it is by waiting to respond to needs in front of you that you will be most successful.

For example, what you respond to needs to be more direct than an inspiration from something you read or see on TV. Perhaps that is where the idea starts, but then you must experience this inspiration as an immediate need of the world around you. Maybe you see a news clip about natural health on TV and start to think about a new profession. If no one around you is presenting a need for natural health therapies, then this is a sign that you haven't found quite the right inspiration. Or perhaps it's just not time. On the other hand, if multiple people say, "oh yes, I would love for you to help me with my ailments!" and maybe a friend mentions that you would be great as a natural health practitioner, then you have lots of signs giving you a green light!.

When you are responding, make certain the passion is coming from the core of your soul. When you do take initiative, make sure you are informing others of what you are doing, because you have a tendency to just go off and do something leaving others wondering what's going on. As a Manifesting Generator, you can blur the lines between responding and initiating. Beware not to fall into the trap of initiating (manifesting) all the time, because you are not a pure Manifestor. Live this strategy and you can do anything!

## YOUR PROFILE

Your profile describes character traits to your personality. Are you social, investigative, experimental, a hermit, projective or a role model. You have two of these defining traits which will influence how all of your actions, expressions and interactions are done. Beyond your type, your profile is the second biggest force in influencing your design. Your profile is derived from two numbers called lines that come from the gates in your sun and your earth. Lines are a subset of the gates of the I'Ching where each gate is divided into 6 lines.

### 5/1 Heretic/Investigator

The fifth line of your profile is a projective line and you have a projected field around you, meaning that your 5th line energy is outwardly expressed. This acts like a magnetic force that carries your energy out to people and can draw people in. But like a mirror this energy that is projected out can also be reflected back upon you by people you encounter. If you have sexual energy in your chart you can be accused of flirting even if that is not on your mind. If you have the energy of opinions, you can be judged as opinionated without saying anything. If you have an undefined G center, people may say "You don't really know who you are" even though you may feel grounded. Look at the energy in the rest of your report. At some point have you felt any of the energies projected back on you? Because of this projection you will at times need alone or down time to get out of the field of projection. Take care of yourself and honor your need to be alone some of the time.

The first line of your profile is a foundational investigator. You are a person who will ask a lot of questions. You need to have a solid understanding of the details before you can proceed. This need to understand provides an underlying feeling of comfort. When you understand it all you are comfortable and when you don't there is the nagging drive to find out. If you are learning a new profession, you will get all the books, take as many courses as you can and feel you need to know it all before starting to take clients or customers. If you are planning a trip you will be driven to investigate it in great detail including ways to get there, what to do, places to stay, etc. The 1st line gathers all this information and applies it to themselves. How does this affect me? How does this change what I am going to do? Am I comfortable doing this now that I know all about it?

## YOUR UNDEFINED CENTERS

Your open centers are unlimited in the way they can experience energy for that center. You do not have your own consistent energy for these centers but you can amplify these types of energy from around you. Through these centers you are empathetic to those around you. An undefined Solar Plexus Center can feel the happiness or sadness of another. The undefined Spleen Center can feel ill health. Through this experience of empathy and amplification you are designed to become extremely wise about these centers as you can experience all the shades of the energy coming through.

### [Map of Centers](#)

#### Head

You have an undefined Head Center. Along with 7/8 of the population, you are unlimited in how you experience ideas and inspirations. You may lose your focus with your own ideas, especially when influenced by other people. For example, it could be a struggle to find something you really want when looking at a menu in a crowded restaurant, well it all looks good! Make sure the ideas and inspirations you embrace and work with are your own and feel right over a period of time. You may come under pressure to find the answer to questions. This can include anything from "what was the name of that actor?" to "what do I want to do with my life?" Make sure the questions you are answering are a priority for you and not someone else in your life. Are you still trying to answer other peoples' questions?

#### Ajna

You have an undefined Ajna and are unlimited in the way you can think about things. You easily look at problems from many angles. You may vary how you do your tasks and chores and are flexible in trying new ways of doing things. You may struggle with remembering details. This can happen even when you felt confident you would remember. You tend to feel uncertain when it comes to making decisions. At a restaurant you may change your mind often and then be disappointed with what you ordered when it shows up. You may struggle to focus in large groups or noisy situations. Your best strategy is to make lists or write things down that you will need to recall.

#### Spleen

You have an undefined Spleen Center. You have an unlimited ability to understand intuition. You may experience time in unlimited and undefined ways. You may lose track of time, having 15 minute conversations that last 2 hours. It is likely that you struggle with being on time, either watching the clock like a hawk to ensure timeliness, being extremely early to everything or always being late. You may also be vulnerable to sudden rashes of fear, because this is the center for survival based activities driven by fear. An undefined spleen can be a great asset to a hands on energy worker, drawing on universal energy and amplifying it with your open spleen center. Your immune system has an inconsistent supply of energy and is more vulnerable. As a result, you are likely to be sensitive to everything happening in your body. Sometimes people with undefined spleens can be viewed as hypochondriacs, but in truth, you are just more sensitive to the inner workings of your body.

## YOUR DEFINED CENTERS

Your defined centers are the shapes in the chart, the squares the triangles and the diamonds that are colored in. Through these defined centers you have access to your own consistent energy. Because the center is defined, you will experience the energy from each center with a familiar pattern. It may not always be the exact pattern as described, but the description is to give you a flavor of how that energy will come to expression.

### [Map of Centers](#)

#### **Throat**

You have a defined and motorized Throat Center. You have consistent energy to speak and your throat is powered by at least one of the motor centers. This helps you create more easily through your communication with others. In group settings you are likely to be recognized before others who are trying to speak. You rarely struggle to feel that your thoughts and ideas are heard. Your voice is strong!

#### **G-Identity**

You have a defined G-Identity Center. You have a good understanding of who you are and are mostly comfortable with yourself. You know where you're going in many respects, even if you don't know how you'll get there. You may have a good sense of direction and geography. If you are moved off your center, you are able to find your balance and recenter yourself more easily than others.

#### **Heart-Will**

You have a defined Heart-Will Center. You have will power to push through resistance to get things done. This is a powerful attribute, but be careful not to overexert your will just to get your way, as this is also the center of the ego. The Will Center is a pulse motor and is either on or off. When it is off, your will power is lacking and you must remember to rest. Honor your time of relaxation or you can damage your heart. Your words carry an energy of "I promise", whether you mean it or not. Be mindful of expectations you set as your defined will power will communicate commitments even if you don't say, "I promise".

#### **Solar Plexus**

You have a defined Solar Plexus Center and are an emotional being. The Solar Plexus defines its energy in waves that move from joyful highs to melancholic lows. The emotional solar plexus provides clarity about decisions over time and it is essential that you ride the whole wave to achieve clarity. What feels right when you're at the top of your wave may feel wrong when you're at the bottom. When you are at the bottom of the wave don't look for the reasons, just know that it's a cycle and it will pass. A good strategy for the defined Solar Plexus is to track the cycle of your emotional wave. How long does it last? What makes it worse? What makes it better? It's okay to schedule downtime if you know you are likely to be at the bottom of your wave. It all serves a purpose! There are 3 types of waves and here is a description of yours.

Your emotional Solar Plexus is powered by a collective wave. This wave builds slowly over time toward joy and happiness. At its peak, the energy suddenly stalls and plummets toward sadness and despair sometimes manifesting as fear. The wave then begins to build again so the down side does not last long. The rapid drop on the emotional side can sometimes leave you scratching your head wondering what happened to cause such a change. Know now that it is just a wave and nothing

more.

Your emotional Solar Plexus is powered by a tribal wave. This wave is like the tribal drum beat and is steady in rhythm moving up toward joy and down toward sadness. You may not notice this wave as it typically has a small range and is the least dramatic of the emotional waves.

**Root**

You have a defined Root Center. Root energy is fueled by adrenaline and this helps you to get things done. As you work through your task lists you will know when enough is enough. The defined Root Center is a pulse motor and is either on or off. When the root is off, there is no energy to push and get things done. It is time to rest. When the root is on, it is as if the clutch is engaged and you are cruising!

**Sacral**

You have a defined Sacral Center. You have the most powerful motor in the Human Design system and it is the energy to get things done. The presence of this motor defines you as a Generator or Manifesting Generator. The sacral motor turns on in the morning, runs all day and burns out at night. This energy rises up from your sacral center and has a physical quality to it. Your strategy for health is to get some physical activity each day to burn up any excess energy. As possible, anything from a full workout to a short walk will help you sleep better and feel healthier. While this is mostly true for all types of people, this is especially true for you.

## YOUR DEFINED CHANNELS

Your defined channels have distinct characteristics in the way you act or react. Your defined channels will effect the flow of energy to and from the centers they connect with. As the energy flows through it, the expression of that channel's characteristics will be added to the overall expression.

### **Channel of Community** (Gates 37-40)

This channel has the energetic drive to create and be a part of community. The energy takes place on a small emotional wave and is driven to create tribal connection among those within your tribal definition be it family, group or community.

### **Channel of Charisma** (Gates 34-20)

A design of where thoughts must be deeds, this channel carries lots of energy to "just do it". It has power and charisma, but only in response. This energy can be challenging to the thyroid if not used in alignment with your strategy of waiting to respond.

### **Channel of Exploration** (Gates 34-10)

This energy is concerned with empowering the self through exploration of behavioral patterns. This is an exploration for behavior that expresses the inner you or your deeper identity. This channel has tremendous energy as it directly connects the sacral motor to the Identity Center. This is energy about following your convictions, but by exploring what they are first.

### **Channel of Recognition** (Gates 30-41)

This is an emotional channel that has an escalator-like wave over time. The energy builds higher and higher towards joy and happiness until it eventually reaches a peak and then plummets towards sadness and despair. It then begins its ascent back towards joy and happiness. This is the initiation of feeling moving into form with emotion and is ultimately expressed through laughter, tears or an emotion in between.

### **Channel of Transitoriness** (Gates 35-36)

This is an emotional channel with a very large wave. The wave climbs toward happiness and joy and then falls toward sadness and despair, and so it goes up and down. This channel is about feeling the need to change, or not. There is discretion here as this is a voice that says, "That is something I must experience" but also may say, "No thanks, I've been there and done that."

### **Channel of Awakening** (Gates 10-20)

This energy is awareness in the now and is about knowing oneself. This channel is to be awake at a higher consciousness and have a commitment to higher principles.

### **Channel of Mating** (Gates 59-6)

You have an energetic design to reproduce. For better or worse this energy can make you a magnet for advances from the opposite sex. This energy is also about intimacy and closeness with others.

## YOUR DEFINED GATES

Your defined gates are truly what give you definition. It is the sum of these that defines your centers and determines your type. It is all the individual expressions of each gate that make you who you really are. In this section you can look at each gate and its expression individually. Please remember two things: 1. That this is a high level description of the gate and it is just to give you a flavor of how you may express this energy. 2. That these gate attributes do not work in isolation so as they come together in your design the attributes may mutate or change into something greater or something less.

### Energy distribution: Collective 38% Tribal 35 % Individual 27 %

At a high level there are three main types of energy: collective, tribal and individual. The expression of collective energy is ultimately to benefit the collective, or all of humanity. Tribal energy is focused on what is best for the tribe whether it's family, group, community, race or country. Individual energy is driven to benefit you and it does not really care about anyone else in the tribe or the collective. It is useful to see your energy distribution as you can see if you have a bias toward one type of energy. Most of us have a blend but some people have a concentration. If you have a percentage in one group higher than 55%, then you are going to have a bias. If that is individual, then you are going to care mostly about yourself. If the concentration is tribal, then your concern is for the tribe. And lastly, if it is collective, you will be focused on how you effect all of humanity.

#### Gate of Friendship (# 37)

Friendship is the family or tribal side of community. This is the emotional side of being part of the tribe. There is always a strong underlying desire to be part of a group, family or community.

#### Gate of The Now (# 20)

The Gate of the Now is the energy of contemplation and recognition of what deeds should be brought into form.

#### Gate of Aloneness (# 40)

Aloneness energy is part of the channel of community, yet this is the lonely side. This is the energy of being separate from the group or the family.

#### Gate of Power (# 34)

The Gate of Power is the busiest, most capable energy in the chart. This is a design of the multitasker. It carries an enormous amount of power, but only in response. When the 34 is not busy, they are in agony.

<b>Gate of Recognition of Feelings (# 30)</b>	<b>Gate of Skills (# 16)</b>
<p>Recognition of Feelings is the energy to recognize feelings that are pushing for change. Once recognized, the emotion to change is conceptualized into action that will relieve the pain or sadness and create real change.</p>	<p>Skills energy is talent for life which has an enthusiasm for expression. Music, dance, art, and speaking are common expressions of this energy. Without the complementary Gate of Depth (gate 48), the expression of this energy may be varied and shallow. Coupled with gate 48, there is depth. For example, in the group known as The Beatles, John Lennon had the 48 and Paul McCartney has the 16.</p>
<b>Gate of Friction (# 6)</b>	<b>Gate of Realizing (# 47)</b>
<p>The Gate of Friction is the energy of sexual reproduction and influences when to reproduce, or not. On another level, this energy controls who is allowed in your inner circle and who is an outsider.</p>	<p>The energy of the Realizing Gate is to pull the abstract pieces from the complementary gate 64 into a whole cohesive idea in the "AHA!" moment. This is the epiphany and is the creation of a whole concept or process from the abstract, without using logic. Before it was pieces and now it is a whole.</p>
<b>Gate of Crisis (# 36)</b>	<b>Gate of Openness (# 22)</b>
<p>The Gate of Crisis moves for change through the pain and confusion of experience. This energy is driven to express a change, a next step on the journey to bring light to a cloudy and darkened scene. The cycle works in continuous fashion: crisis, reflection, and expression of change followed by relief and then building crisis and round again you go.</p>	<p>Openness is the energy to be open as an individual to hear the emotional wishes of the collective. A person with this energy can easily "work a room" if they are in the mood.</p>
<b>Gate of Change (# 35)</b>	<b>Gate of Contraction (# 41)</b>
<p>The Gate of Change is the sense of a need for change. The sense that the wheel needs to turn. It is not a logical next step, but a sense that this is the right direction to go. Like walking around a wheel there will need to be another step and then another step to keep the wheel turning.</p>	<p>The Gate of Contraction is the energy of contracting or pulling back. It is an emotional energy of regrouping in preparation for the next expansion.</p>
<b>Gate of Contribution (# 8)</b>	<b>Gate of The Hunter/Huntress (# 21)</b>
<p>The Gate of Contribution is energy to make a contribution, be an example or do something that makes a statement, often in a big way. This is not contributing to a group effort. This is individual energy and it will contribute to the group by example, so that the collective can say, "Hey look at that, that is the way to do it."</p>	<p>It is the Hunter/Huntress who controls where you live, what you want and what you eat. This energy has the drive to create or gather material things and wealth.</p>

<b>Gate of Behavior of the Self (# 10)</b>	<b>Gate of Ambition (# 54)</b>
<p>The Gate of the Behavior of Self carries energy about understanding behavior within the norms of your human society. How it is expressed may take on flavors of complete acceptance of norms, challenging norms when appropriate or complete defiance. Your expression will remain consistent within your theme or style of expression. This is the energy of self-love. This is also the consistent energy to love others.</p>	<p>Ambition is the gate of big ambitions. You like to do things in a big or grand way. Perhaps over the top?</p>
<b>Gate of The Role of the Self (# 7)</b>	<b>Gate of Alertness (# 44)</b>
<p>The Role of the Self is energy that pushes for leadership. It can take on many flavors like democratic or dictator depending on the situation and the energy supporting it.</p>	<p>Alertness is the energy to look at past patterns, assess current supply and determine proper action to take. The outcome is awareness about what needs to occur to ensure that material needs will be met.</p>
<b>Gate of The Game Player (# 28)</b>	<b>Gate of Sexuality (# 59)</b>
<p>The Game Player energy is the struggle for the meaning of life, the struggle to find your divine connection. Through the struggle you become incredibly wise about the meaning of life. The shadow side is the fear that life has no meaning.</p>	<p>Sexuality is the gate of seduction and the gateway to the sacral sexual power. This will often be the energy and drive to sexually reproduce. It can be the energy of coming together in an intimate way in a non-sexual relationship.</p>

## YOUR INCARNATION CROSS

Your incarnation cross made up of the four key gates based on the alignment of the sun and earth in your Human Design. Your incarnation cross gives definition and foundation to your overall energy design and is a cornerstone in your life purpose. Like a snowflake there are many underlying factors within your design that impact exactly how you carry your cross but this gives you another flavor of just how deep Human Design goes.

Of course in order to carry out your incarnation cross you must live your design. This means living consistently with your defined energy and gathering the wisdom through your undefined areas. Living your passions and dreams and not living the influences around you unless they resonate with your soul.

### The Left Angle Cross of Duality

Cross Gates: 20 34 37 40

You are here to be the mutative force in the tribe. You carry very industrious energy to do things and get them done. The individual aspects you introduce may be attractive for your community to adapt into their practice. However, not all individual changes are adaptive for two reasons. One, you may wish to keep it as your own thing and not share it. Two, the group or community may not see the value in your new ways and reject it. So there is a dance that you will do in this life, bringing change to the group or community and seeing if it is adopted or not.

### What does the Left Angle mean?

You were born with a left angle cross of incarnation. This means that your life process is about dealing with karma and you need others to fulfill your life destiny. By moving through karmic interactions, both good ones and not so good, you live out your destiny. You are not designed to carry out your life purpose alone.
