## YOUR TYPE

Your type is the role you have been asked to play in this lifetime. It represents the general purpose that your energy blueprint is designed to provide. Your type energetically interacts with the rest of humanity in a geometric way. At a high level, it defines whether you are here to do work, to guide and lead, to manifest or to reflect. There are 5 types in the human design system. **Realize that you can manifest successfully and create a life of peace and balance whatever your design, provided you live out your type and follow your strategy.**

### [Chart Human Design Types](#)

#### Generator

You are a Generator. You have been given the design to have that powerful sacral motor churning out energy within you. You are here to work and to do things. You have sustainable energy. It is born each day, runs all day and burns out at night. There are many types of work, from mechanical and rhythmic to artistic and eccentric and you are here to work and respond to all that is going on in this world. Find work that is inspiring to you!

## YOUR STRATEGY

For each of the 5 types in Human Design there is a corresponding strategy. This is all about geometry and interacting properly with the flow of the energy of the universe, you and other beings. It is by following your strategy that you can maximize the positive results and minimize the drawbacks. The universe is energetic and the flow of opportunity and interaction is influenced by type. Strategy is important in every day life, but especially important for major decisions such as changes in your personal relationships, career, or residence. It is also critical to follow your strategy with commitments to projects or any major investment of your time.

#### Wait to respond

As a Generator the world expects you to respond. There are many things that may come into your life that offer opportunity for you to take action. You may be tempted to respond to inspirations that come from remote sources, but it is essential you focus on what feels right in your soul. It is also important for you to recognize that if there is nothing in your immediate reality that feels really good, then you must wait. Your strategy for success is to wait until what you are inspired to respond to comes directly into your arena, or peripheral world.

For example, what you respond to needs to be more direct than an inspiration from something on TV. Perhaps that is where the idea starts, but then you must experience this inspiration as an immediate need of the world around you. Maybe you see a news clip about natural health on TV and start to think about a new profession. If no one around you is presenting a need for natural health therapies, then this is a sign that you haven't found quite the right inspiration. Or perhaps it's just not time. On the other hand, if multiple people say, "oh yes, I would love for you to help me with my ailments!" and maybe a friend mentions that you would be great as a natural health practitioner, then you have lots of signs giving you a green light!.

It may be easy for you to get drawn into pushing forward to force things to happen and "just do it!".

When you do pursue the bigger (or even smaller) things in life, you can "just do it" provided you are responding to something that has appeared in your reality in a very tangible way. Ultimately, choices you make must feel right in the core of your soul, at the center of your being. Never attempt to initiate an idea that hasn't already appeared as a need in your reality and be discriminating with what you respond to and you can do anything!

## YOUR PROFILE

Your profile describes character traits to your personality. Are you social, investigative, experimental, a hermit, projective or a role model. You have two of these defining traits which will influence how all of your actions, expressions and interactions are done. Beyond your type, your profile is the second biggest force in influencing your design. Your profile is derived from two numbers called lines that come from the gates in your sun and your earth. Lines are a subset of the gates of the I'Ching where each gate is divided into 6 lines.

### 3/6 Martyr/Role Model

The third line of your profile is an experimenter. Or we could also call it an experienter. It is through experimentation and experiences that the 3rd line understands how the world works. You will try things many ways until you get it right for you. With each experiment, you take the results and apply it back to you. So for example: "Well, I went to work on a rainy day without an umbrella, I was cold and wet all day and felt uncomfortable so I will always take an umbrella to work." Time passes. "Ok, I have carried this umbrella to work for 3 months and it has only rained twice and it is inconvenient to be hauling this around. I will only carry the umbrella when it looks like it's going to rain." As a 3rd line you may feel embarrassed or ridiculed by your failed experiments. Remember, this is how you are designed to learn. You are designed to become experts at things so you can advise others. There is no failure for you, it is just part of your experience on the planet.

The sixth line of your profile lives out 3 different life stages. From birth to about 28.5 years the 6th line profile is prone to experimentation, (similar to a 3rd line profile). You take the results of your experimentation and experiences and try to internalize them. In an attempt to become wise, you sort through what works and what doesn't work and how it has affected you. From age 28.5 to age 50 the 6th line withdraws. There is a realization that the experimentation didn't really work for you and during this period of your life it is said that "you go up on the roof." It is sort of an aloof observational period where you look outward at the world to figure out how things really do work. You look at how other people do things and use their examples of what works and what doesn't work to figure out what works for you. Around age 50 the 6th line profile comes off the roof and moves into the role model phase of life. You have tried things your first 28 years and you have observed things for the next 22 years, now you are wise and ready to step in the role of mentor or role model. You are a passive role model not aggressive. People will seek you out for your expertise, help and advice. You will get involved only when you deem it to be a worthy cause for those who are asking as well as for you.

## YOUR UNDEFINED CENTERS

Your open centers are unlimited in the way they can experience energy for that center. You do not have your own consistent energy for these centers but you can amplify these types of energy from around you. Through these centers you are empathetic to those around you. An undefined Solar Plexus Center can feel the happiness or sadness of another. The undefined Spleen Center can feel ill health. Through this experience of empathy and amplification you are designed to become extremely wise about these centers as you can experience all the shades of the energy coming through.

### [Map of Centers](#)

#### Head

You have an undefined Head Center. Along with 7/8 of the population, you are unlimited in how you experience ideas and inspirations. You may lose your focus with your own ideas, especially when influenced by other people. For example, it could be a struggle to find something you really want when looking at a menu in a crowded restaurant, well it all looks good! Make sure the ideas and inspirations you embrace and work with are your own and feel right over a period of time. You may come under pressure to find the answer to questions. This can include anything from "what was the name of that actor?" to "what do I want to do with my life?" Make sure the questions you are answering are a priority for you and not someone else in your life. Are you still trying to answer other peoples' questions?

#### Ajna

You have an undefined Ajna and are unlimited in the way you can think about things. You easily look at problems from many angles. You may vary how you do your tasks and chores and are flexible in trying new ways of doing things. You may struggle with remembering details. This can happen even when you felt confident you would remember. You tend to feel uncertain when it comes to making decisions. At a restaurant you may change your mind often and then be disappointed with what you ordered when it shows up. You may struggle to focus in large groups or noisy situations. Your best strategy is to make lists or write things down that you will need to recall.

#### G-Identity

You have an undefined G-Identity Center. You are unlimited in how you identify yourself and can relate with all kinds of people. You may struggle to "find yourself" simply because it's hard for you to define who you are. Your sense of self may be inconsistent and you may be constantly changing your view of who you are. If your world is impacted by events around you, it may take time to come back to center and feel comfortable. At times you may feel unduly influenced by others. At times, you may question your lovability. A strategy for the open G-Identity is to spend time with loving people whom you honor, admire and can help you to align your identity with higher energies.

#### Heart-Will

You have an undefined Heart-Will Center. You are unlimited in the way you experience will power, but are inconsistent with this energy and may lack the ability to get things done by pushing through with your will. You can increase your will power by amplifying someone else's will power energy, but the better option is to succeed by using your Human Design type and strategy. This is also the center of the ego and you may occasionally suffer from feeling unworthy. You may struggle to value your contributions and charge a fair amount for your services. If you're overexerting your will power, the question to ask yourself is, "What am I trying to prove?" You are here to be truly wise about what's

valuable and to show others that there are more effective ways to manifest than by pushing with will alone.

**Solar Plexus**

You have an undefined Solar Plexus Center. You can experience emotions in an unlimited fashion. These emotions are generally from people around you, because your own your emotions are steady. If you view yourself as an emotional person, take a look at the people around you as you may be picking up on their emotional waves. Your strategy is to be a screen and acknowledge the emotions you are experiencing, but don't be a sponge and soak them up. If the emotional energy becomes too much, take some alone time to rebalance yourself.

## YOUR DEFINED CENTERS

Your defined centers are the shapes in the chart, the squares the triangles and the diamonds that are colored in. Through these defined centers you have access to your own consistent energy. Because the center is defined, you will experience the energy from each center with a familiar pattern. It may not always be the exact pattern as described, but the description is to give you a flavor of how that energy will come to expression.

### [Map of Centers](#)

#### **Throat**

You have a defined Throat Center. Your communication is consistent and energized. You have the ability to speak with energy. This may be the energy of the throat itself or of the centers that have a direct connection to the throat, as indicated by a solid line on the human body graph chart.

#### **Root**

You have a defined Root Center. Root energy is fueled by adrenaline and this helps you to get things done. As you work through your task lists you will know when enough is enough. The defined Root Center is a pulse motor and is either on or off. When the root is off, there is no energy to push and get things done. It is time to rest. When the root is on, it is as if the clutch is engaged and you are cruising!

#### **Sacral**

You have a defined Sacral Center. You have the most powerful motor in the Human Design system and it is the energy to get things done. The presence of this motor defines you as a Generator or Manifesting Generator. The sacral motor turns on in the morning, runs all day and burns out at night. This energy rises up from your sacral center and has a physical quality to it. Your strategy for health is to get some physical activity each day to burn up any excess energy. As possible, anything from a full workout to a short walk will help you sleep better and feel healthier. While this is mostly true for all types of people, this is especially true for you.

#### **Spleen**

You have a defined Spleen Center. You have a complete understanding of time and the now. You have your own defined energies of intuition. The spleen is connected to the immune system. With the defined spleen, you have more consistent energy to maintain your health. Because of this quality, the defined spleen is a "feel good" center. People with undefined spleens may hang out around you to power their spleens and their immune system.

## YOUR DEFINED CHANNELS

Your defined channels have distinct characteristics in the way you act or react. Your defined channels will effect the flow of energy to and from the centers they connect with. As the energy flows through it, the expression of that channel's characteristics will be added to the overall expression.

### **Channel of Maturation** (Gates 42-53)

This energetic channel is pushing through development into maturity. This is about maturing the process while getting things done.

### **Channel of The Wave Length** (Gates 16-48)

This energy brings together depth with skill to form expression that is often talented. Music and art are often attributed to this channel but it also is expressed in talent for living. Separately the gates in this channel project onto each other with talent feeling too shallow and depth feeling it lacks talent. When they come together, however, this energy can sing.

## YOUR DEFINED GATES

Your defined gates are truly what give you definition. It is the sum of these that defines your centers and determines your type. It is all the individual expressions of each gate that make you who you really are. In this section you can look at each gate and its expression individually. Please remember two things: 1. That this is a high level description of the gate and it is just to give you a flavor of how you may express this energy. 2. That these gate attributes do not work in isolation so as they come together in your design the attributes may mutate or change into something greater or something less.

### Energy distribution: Collective 54% Tribal 23 % Individual 23 %

At a high level there are three main types of energy: collective, tribal and individual. The expression of collective energy is ultimately to benefit the collective, or all of humanity. Tribal energy is focused on what is best for the tribe whether it's family, group, community, race or country. Individual energy is driven to benefit you and it does not really care about anyone else in the tribe or the collective. It is useful to see your energy distribution as you can see if you have a bias toward one type of energy. Most of us have a blend but some people have a concentration. If you have a percentage in one group higher than 55%, then you are going to have a bias. If that is individual, then you are going to care mostly about yourself. If the concentration is tribal, then your concern is for the tribe. And lastly, if it is collective, you will be focused on how you effect all of humanity.

#### Gate of The Spirit of the Self (# 25)

The Spirit of the Self is the love of the spirit of the soul within you. This is also the love of the greater Spirit, as in God or the Divine or whatever definition you choose.

#### Gate of Extremes (# 15)

The Gate of Extremes is energy that expresses itself through extreme rhythms. Whether it be your personal cycle with respect to times you eat, get up and go to sleep or other patterns, the gate of extremes will demand a change from a repetitive cycle after a while. This is also the energy of the love of humanity, the concern for fellow humans and the drive to bring other humans into the flow of life.

#### Gate of The Determination of the Self (# 46)

The Gate of the Determination of the Self is the energy of the love of the physical body, or the love of the flesh. It manifests in the desire for touch, the drive to maintain fitness, and the joy of living in the physical plane.

#### Gate of Behavior of the Self (# 10)

The Gate of the Behavior of Self carries energy about understanding behavior within the norms of your human society. How it is expressed may take on flavors of complete acceptance of norms, challenging norms when appropriate or complete defiance. Your expression will remain consistent within your theme or style of expression. This is the energy of self-love. This is also the consistent energy to love others.

<b>Gate of Acceptance (# 60)</b>	<b>Gate of Higher Knowledge (# 2)</b>
To get things started one needs a push or surge of energy. The Gate of Acceptance energy is like a car starting with bursts of surges. Not all tasks are like the 100 yard dash where the path is straight forward. This energy pushes you off the starting line, but not so fast that you can't change your course once you get going.	Higher Knowledge is the energy of the driver of the self and moves your soul forward. The irony with this energy is that while you may have little awareness of your own direction, you are a great guide to others.
<b>Gate of Growth (# 42)</b>	<b>Gate of Continuity (# 32)</b>
Growth is the energy of maximizing the potential then bringing it to closure. Closure or completion of growth is necessary to allow the next step to be taken.	Continuity is an instinctive gate to adapt to change and carry on. The drive is to follow socially embraced behavior. Over time, social behavior changes and when that behavior becomes the norm, you are able to adapt quickly.
<b>Gate of Doubt (# 63)</b>	<b>Gate of Skills (# 16)</b>
Doubt is the energy of logical questioning. It is the first step of analysis in the logic circuit. When the first cell phone was invented, this gate asked the questions, "Is it safe? Will it work? Will people actually use them?" This energy starts the drive to find the answer through logic.	Skills energy is talent for life which has an enthusiasm for expression. Music, dance, art, and speaking are common expressions of this energy. Without the complementary Gate of Depth (gate 48), the expression of this energy may be varied and shallow. Coupled with gate 48, there is depth. For example, in the group known as The Beatles, John Lennon had the 48 and Paul McCartney has the 16.
<b>Gate of Crisis (# 36)</b>	<b>Gate of Beginnings (# 53)</b>
The Gate of Crisis moves for change through the pain and confusion of experience. This energy is driven to express a change, a next step on the journey to bring light to a cloudy and darkened scene. The cycle works in continuous fashion: crisis, reflection, and expression of change followed by relief and then building crisis and round again you go.	Beginnings is the gate of getting things started. This energy contains potential to mutate since sometimes, to get things started, you need to mutate the process.
<b>Gate of Sexuality (# 59)</b>	<b>Gate of Caution (# 12)</b>
Sexuality is the gate of seduction and the gateway to the sacral sexual power. This will often be the energy and drive to sexually reproduce. It can be the energy of coming together in an intimate way in a non-sexual relationship.	The Gate of Caution is the energy of speaking from heart in an individual way. The energy that says, "I love you". It can express itself through shyness as it is vulnerable.

<b>Gate of Depth (# 48)</b>	<b>Gate of The Role of the Self (# 7)</b>
<p>With the Gate of Depth, you tend to do or analyze things in great depth. You look at the size and scope of it all and work it in great detail. You may on occasion struggle with feelings that your work is inadequate due to this drive to do things deeply.</p>	<p>The Role of the Self is energy that pushes for leadership. It can take on many flavors like democratic or dictator depending on the situation and the energy supporting it.</p>

## YOUR INCARNATION CROSS

Your incarnation cross made up of the four key gates based on the alignment of the sun and earth in your Human Design. Your incarnation cross gives definition and foundation to your overall energy design and is a cornerstone in your life purpose. Like a snowflake there are many underlying factors within your design that impact exactly how you carry your cross but this gives you another flavor of just how deep Human Design goes.

Of course in order to carry out your incarnation cross you must live your design. This means living consistently with your defined energy and gathering the wisdom through your undefined areas. Living your passions and dreams and not living the influences around you unless they resonate with your soul.

### The Right Angle Cross of the Vessel of Love 2

Cross Gates: 15 10 25 46

Born as the Vessel of Love, you are here to bring people into the flow in a loving way. All four of the gates of your Cross are connected to the G/Identity center and, on a deeper level, connection to the Soul. Love of spirit, love of the flesh, love of the self and love of humanity are the four energies that make up this Cross. With the energy of this Cross, humanity leads the way for you. This is about getting people into the flow of love for themselves, each other and love of humanity.

### What does the Right Angle mean?

You have a right angle cross of incarnation. Your destiny in this life is your own process and in that sense you are self absorbed. However you can't live life in a vacuum and so throughout this life you are creating karma for good or not so good with all the others you bump into.
