## YOUR TYPE

Your type is the role you have been asked to play in this lifetime. It represents the general purpose that your energy blueprint is designed to provide. Your type energetically interacts with the rest of humanity in a geometric way. At a high level, it defines whether you are here to do work, to guide and lead, to manifest or to reflect. There are 5 types in the human design system. **Realize that you can manifest successfully and create a life of peace and balance whatever your design, provided you live out your type and follow your strategy.**

### [Chart Human Design Types](#)

#### Generator

You are a Generator. You have been given the design to have that powerful sacral motor churning out energy within you. You are here to work and to do things. You have sustainable energy. It is born each day, runs all day and burns out at night. There are many types of work, from mechanical and rhythmic to artistic and eccentric and you are here to work and respond to all that is going on in this world. Find work that is inspiring to you!

## YOUR STRATEGY

For each of the 5 types in Human Design there is a corresponding strategy. This is all about geometry and interacting properly with the flow of the energy of the universe, you and other beings. It is by following your strategy that you can maximize the positive results and minimize the drawbacks. The universe is energetic and the flow of opportunity and interaction is influenced by type. Strategy is important in every day life, but especially important for major decisions such as changes in your personal relationships, career, or residence. It is also critical to follow your strategy with commitments to projects or any major investment of your time.

#### Wait to respond

As a Generator the world expects you to respond. There are many things that may come into your life that offer opportunity for you to take action. You may be tempted to respond to inspirations that come from remote sources, but it is essential you focus on what feels right in your soul. It is also important for you to recognize that if there is nothing in your immediate reality that feels really good, then you must wait. Your strategy for success is to wait until what you are inspired to respond to comes directly into your arena, or peripheral world.

For example, what you respond to needs to be more direct than an inspiration from something on TV. Perhaps that is where the idea starts, but then you must experience this inspiration as an immediate need of the world around you. Maybe you see a news clip about natural health on TV and start to think about a new profession. If no one around you is presenting a need for natural health therapies, then this is a sign that you haven't found quite the right inspiration. Or perhaps it's just not time. On the other hand, if multiple people say, "oh yes, I would love for you to help me with my ailments!" and maybe a friend mentions that you would be great as a natural health practitioner, then you have lots of signs giving you a green light!.

It may be easy for you to get drawn into pushing forward to force things to happen and "just do it!".

When you do pursue the bigger (or even smaller) things in life, you can "just do it" provided you are responding to something that has appeared in your reality in a very tangible way. Ultimately, choices you make must feel right in the core of your soul, at the center of your being. Never attempt to initiate an idea that hasn't already appeared as a need in your reality and be discriminating with what you respond to and you can do anything!

## YOUR PROFILE

Your profile describes character traits to your personality. Are you social, investigative, experimental, a hermit, projective or a role model. You have two of these defining traits which will influence how all of your actions, expressions and interactions are done. Beyond your type, your profile is the second biggest force in influencing your design. Your profile is derived from two numbers called lines that come from the gates in your sun and your earth. Lines are a subset of the gates of the I'Ching where each gate is divided into 6 lines.

### 4/6 Opportunist/Role Model

The fourth line in your profile is a social networker with a need for foundation. The 4th line desires the next thing to be lined up before it is ready or willing to move forward. This foundation is based around house, spouse, close friends and career. If it is a job, then you will typically want the offer letter in hand before you resign from your current job. In relationship, you will want at least prospects for a replacement before moving on. 4th line people tend to get stuck in relationship for fear that the replacement won't happen. When faced with the prospect of moving, you are likely to have the next place all lined up before moving out of the current one. As a 4th line profile most of your opportunities for jobs, friends, or significant others will come through your social network. This is how the energy revolves around your design.

The sixth line of your profile lives out 3 different life stages. From birth to about 28.5 years the 6th line profile is prone to experimentation, (similar to a 3rd line profile). You take the results of your experimentation and experiences and try to internalize them. In an attempt to become wise, you sort through what works and what doesn't work and how it has affected you. From age 28.5 to age 50 the 6th line withdraws. There is a realization that the experimentation didn't really work for you and during this period of your life it is said that "you go up on the roof." It is sort of an aloof observational period where you look outward at the world to figure out how things really do work. You look at how other people do things and use their examples of what works and what doesn't work to figure out what works for you. Around age 50 the 6th line profile comes off the roof and moves into the role model phase of life. You have tried things your first 28 years and you have observed things for the next 22 years, now you are wise and ready to step in the role of mentor or role model. You are a passive role model not aggressive. People will seek you out for your expertise, help and advice. You will get involved only when you deem it to be a worthy cause for those who are asking as well as for you.

## YOUR UNDEFINED CENTERS

Your open centers are unlimited in the way they can experience energy for that center. You do not have your own consistent energy for these centers but you can amplify these types of energy from around you. Through these centers you are empathetic to those around you. An undefined Solar Plexus Center can feel the happiness or sadness of another. The undefined Spleen Center can feel ill health. Through this experience of empathy and amplification you are designed to become extremely wise about these centers as you can experience all the shades of the energy coming through.

### [Map of Centers](#)

#### **Throat**

You have an undefined Throat Center. You are unlimited in the ways in which you express yourself. You can modulate your speech and voice to communicate with anyone in a way they will understand. However, at times in your life you may have struggled to feel heard or listened to. You may have developed elaborate strategies to be recognized so your words would be acknowledged. For example, when you do "get the floor" with your audience, you may resist giving it up for fear that you will fall back into being unheard. It is also possible that you have grown tired of not being heard and have fallen quiet. Your strategy around communication is to let your energy carry the message that you have a lot to say. It is through this quiet focus that you will be recognized to speak. Once you have been recognized by others, you will be heard.

#### **Heart-Will**

You have an undefined Heart-Will Center. You are unlimited in the way you experience will power, but are inconsistent with this energy and may lack the ability to get things done by pushing through with your will. You can increase your will power by amplifying someone else's will power energy, but the better option is to succeed by using your Human Design type and strategy. This is also the center of the ego and you may occasionally suffer from feeling unworthy. You may struggle to value your contributions and charge a fair amount for your services. If you're overexerting your will power, the question to ask yourself is, "What am I trying to prove?" You are here to be truly wise about what's valuable and to show others that there are more effective ways to manifest than by pushing with will alone.

#### **Solar Plexus**

You have an undefined Solar Plexus Center. You can experience emotions in an unlimited fashion. These emotions are generally from people around you, because your own your emotions are steady. If you view yourself as an emotional person, take a look at the people around you as you may be picking up on their emotional waves. Your strategy is to be a screen and acknowledge the emotions you are experiencing, but don't be a sponge and soak them up. If the emotional energy becomes too much, take some alone time to rebalance yourself.

#### **Root**

You have an undefined Root Center. You are unlimited in experiencing adrenaline and root energy, but it is inconsistent. At times it may feel as if you are spinning your wheels trying to get things done. You may feel under pressure to complete your task list and struggle to break off your compulsion to work on the never ending list. Many people with hyperactivity and/or ADHD have undefined Root Centers. Your best strategy is to keep the energy around you peaceful and create structure around the tasks before you.

**Spleen**

You have an undefined Spleen Center. You have an unlimited ability to understand intuition. You may experience time in unlimited and undefined ways. You may lose track of time, having 15 minute conversations that last 2 hours. It is likely that you struggle with being on time, either watching the clock like a hawk to ensure timeliness, being extremely early to everything or always being late. You may also be vulnerable to sudden rashes of fear, because this is the center for survival based activities driven by fear. An undefined spleen can be a great asset to a hands on energy worker, drawing on universal energy and amplifying it with your open spleen center. Your immune system has an inconsistent supply of energy and is more vulnerable. As a result, you are likely to be sensitive to everything happening in your body. Sometimes people with undefined spleens can be viewed as hypochondriacs, but in truth, you are just more sensitive to the inner workings of your body.

## YOUR DEFINED CENTERS

Your defined centers are the shapes in the chart, the squares the triangles and the diamonds that are colored in. Through these defined centers you have access to your own consistent energy. Because the center is defined, you will experience the energy from each center with a familiar pattern. It may not always be the exact pattern as described, but the description is to give you a flavor of how that energy will come to expression.

### [Map of Centers](#)

#### Head

You have a defined Head Center and are in the minority along with only 1/8 of the population. You are here to inspire others and your ideas pour forth, even if you are not aware of this quality. You usually find it easy to stay focused even in a noisy environment. Your ideas may raise questions for you or for others, but you don't tend to feel pressured to answer them. It is your ideas and inspirations that the other 7/8 of the population is here to work on and manifest.

#### Ajna

You have a defined Ajna. The Ajna center determines how you store data and how you approach process. With a defined Ajna you may be able to store large amounts of data, sometimes to the extent of overwhelming and trivial detail. The Ajna also controls your approach to process. You have a set way for how you process things and do activities. You may tend to always do chores such as laundry, folding your clothes or your morning routine in a precise manner. You may struggle when events interfere with these chores or routines. People may view you as rigid about certain things and try to get you to change, because they don't understand that your process is important to you. You may look at the way other people do things and be perplexed as to why they would want to do it differently than you do. You feel your defined Ajna knows the perfect way to do it and many times it does.

#### G-Identity

You have a defined G-Identity Center. You have a good understanding of who you are and are mostly comfortable with yourself. You know where you're going in many respects, even if you don't know how you'll get there. You may have a good sense of direction and geography. If you are moved off your center, you are able to find your balance and recenter yourself more easily than others.

#### Sacral

You have a defined Sacral Center. You have the most powerful motor in the Human Design system and it is the energy to get things done. The presence of this motor defines you as a Generator or Manifesting Generator. The sacral motor turns on in the morning, runs all day and burns out at night. This energy rises up from your sacral center and has a physical quality to it. Your strategy for health is to get some physical activity each day to burn up any excess energy. As possible, anything from a full workout to a short walk will help you sleep better and feel healthier. While this is mostly true for all types of people, this is especially true for you.

## YOUR DEFINED CHANNELS

Your defined channels have distinct characteristics in the way you act or react. Your defined channels will effect the flow of energy to and from the centers they connect with. As the energy flows through it, the expression of that channel's characteristics will be added to the overall expression.

### **Channel of Abstraction** (Gates 47-64)

This is the energy of bringing the abstract pieces into the whole. This energy is the "aha" moment. Moving from confusion to seeing the big picture is what this energy is about.

### **Channel of Discovery** (Gates 46-29)

This is energy pushing up from the Sacral Center to the G/Identity Center to break through challenges. Sometimes called "succeeding where others fail", it is the energy to persevere and get it done. However, there is always duality and it can occasionally mean to fail where others succeed.

## YOUR DEFINED GATES

Your defined gates are truly what give you definition. It is the sum of these that defines your centers and determines your type. It is all the individual expressions of each gate that make you who you really are. In this section you can look at each gate and its expression individually. Please remember two things: 1. That this is a high level description of the gate and it is just to give you a flavor of how you may express this energy. 2. That these gate attributes do not work in isolation so as they come together in your design the attributes may mutate or change into something greater or something less.

### Energy distribution: Collective 50% Tribal 12 % Individual 38 %

At a high level there are three main types of energy: collective, tribal and individual. The expression of collective energy is ultimately to benefit the collective, or all of humanity. Tribal energy is focused on what is best for the tribe whether it's family, group, community, race or country. Individual energy is driven to benefit you and it does not really care about anyone else in the tribe or the collective. It is useful to see your energy distribution as you can see if you have a bias toward one type of energy. Most of us have a blend but some people have a concentration. If you have a percentage in one group higher than 55%, then you are going to have a bias. If that is individual, then you are going to care mostly about yourself. If the concentration is tribal, then your concern is for the tribe. And lastly, if it is collective, you will be focused on how you effect all of humanity.

#### Gate of Saying Yes (# 29)

This energy is the drive to say "Yes". It may lead to over commitment, but the energy includes the perseverance to push through where others quit.

#### Gate of Power Skills (# 14)

Power Skills energy fuels your direction in life. It is in the channel of the beat and is called "Keeper of the Keys". It carries with it an assurance that wealth or the accumulation of material things is guaranteed. This energy is fuel to empower the self.

#### Gate of Recognition of Feelings (# 30)

Recognition of Feelings is the energy to recognize feelings that are pushing for change. Once recognized, the emotion to change is conceptualized into action that will relieve the pain or sadness and create real change.

#### Gate of Contribution (# 8)

The Gate of Contribution is energy to make a contribution, be an example or do something that makes a statement, often in a big way. This is not contributing to a group effort. This is individual energy and it will contribute to the group by example, so that the collective can say, "Hey look at that, that is the way to do it."

<b>Gate of Mystery (# 61)</b>	<b>Gate of Ordering (# 3)</b>
The Gate of Mystery is about reaching to know the unknowable. This energy is about the "why's" in life. It can be about striving to know the answers just for sport. It is about the ability to "know" by just knowing, not thru logic, and trying to understand the Big Picture.	The Gate of Ordering is the energy to finish or complete things. When tasks or projects get started they set off in a direction but they do not always have a clear path or a visible resolution. This energy helps to order or organize the solution so it can come to pass.
<b>Gate of Sexuality (# 59)</b>	<b>Gate of Spirit (# 55)</b>
Sexuality is the gate of seduction and the gateway to the sacral sexual power. This will often be the energy and drive to sexually reproduce. It can be the energy of coming together in an intimate way in a non-sexual relationship.	Spirit is emotional energy seeking to bring abundance. Linked to spirit it can be abundance of spirit, but the abundance can come in many forms. This energy may feel stuck at times.
<b>Gate of Realizing (# 47)</b>	<b>Gate of Insight (# 43)</b>
Th energy of the Realizing Gate is to pull the abstract pieces from the complementary gate 64 into a whole cohesive idea in the "AHA!" moment. This is the epiphany and is the creation of a whole concept or process from the abstract, without using logic. Before it was pieces and now it is a whole.	The Gate of Insight is the energy of awareness and knowing. To communicate the observed insight successfully, however, you need to wait to be recognized before speaking. The voice of this channel is, "I know".
<b>Gate of Leading (# 31)</b>	<b>Gate of Confusion (# 64)</b>
The Gate of Leading is the voice of the leader. The leadership is only truly successful when properly supported by its complementary gate 7, The Role of the Self.	Confusion energy is the abstract. "We have all these little pieces of the puzzle, how do they go together?" You have the ability to identify all the pieces, but may struggle to put it all together. In looking at all the pieces it can be a bit confusing or dizzying.
<b>Gate of Alertness (# 44)</b>	<b>Gate of Beginnings (# 53)</b>
Alertness is the energy to look at past patterns, assess current supply and determine proper action to take. The outcome is awareness about what needs to occur to ensure that material needs will be met.	Beginnings is the gate of getting things started. This energy contains potential to mutate since sometimes, to get things started, you need to mutate the process.

<b>Gate of Detail (# 62)</b>	<b>Gate of Change (# 35)</b>
<p>The Gate of Detail is the energy of small detail. This is bringing into words what does not have a name. By naming something and assigning scope and details to an object or a concept etc., there is a basis for discussion.</p>	<p>The Gate of Change is the sense of a need for change. The sense that the wheel needs to turn. It is not a logical next step, but a sense that this is the right direction to go. Like walking around a wheel there will need to be another step and then another step to keep the wheel turning.</p>
<b>Gate of Skills (# 16)</b>	<b>Gate of The Now (# 20)</b>
<p>Skills energy is talent for life which has an enthusiasm for expression. Music, dance, art, and speaking are common expressions of this energy. Without the complementary Gate of Depth (gate 48), the expression of this energy may be varied and shallow. Coupled with gate 48, there is depth. For example, in the group known as The Beatles, John Lennon had the 48 and Paul McCartney has the 16.</p>	<p>The Gate of the Now is the energy of contemplation and recognition of what deeds should be brought into form.</p>
<b>Gate of The Determination of the Self (# 46)</b>	
<p>The Gate of the Determination of the Self is the energy of the love of the physical body, or the love of the flesh. It manifests in the desire for touch, the drive to maintain fitness, and the joy of living in the physical plane.</p>	

## YOUR INCARNATION CROSS

Your incarnation cross made up of the four key gates based on the alignment of the sun and earth in your Human Design. Your incarnation cross gives definition and foundation to your overall energy design and is a cornerstone in your life purpose. Like a snowflake there are many underlying factors within your design that impact exactly how you carry your cross but this gives you another flavor of just how deep Human Design goes.

Of course in order to carry out your incarnation cross you must live your design. This means living consistently with your defined energy and gathering the wisdom through your undefined areas. Living your passions and dreams and not living the influences around you unless they resonate with your soul.

### The Right Angle Cross of Contagion 4

Cross Gates: 14 8 29 30

Your Cross has the energy of being well provided for. You also have the energy of saying "yes" and making commitments. Your energetic makeup will always draw the necessary resources to you, however your desire to say "yes" can get you overextended and lead you to burn out. You need to follow your Human Design type and strategy and make sure your commitments involve things you are passionate about. People will be drawn to you to experience your abundant resources. Make sure you are spending your energies on things that have meaning on your soul level.

### What does the Right Angle mean?

You have a right angle cross of incarnation. Your destiny in this life is your own process and in that sense you are self absorbed. However you can't live life in a vacuum and so throughout this life you are creating karma for good or not so good with all the others you bump into.
