YOUR TYPE

Your type is the role you have been asked to play in this lifetime. It represents the general purpose that your energy blueprint is designed to provide. Your type energetically interacts with the rest of humanity in a geometric way. At a high level, it defines whether you are here to do work, to guide and lead, to manifest or to reflect. There are 5 types in the human design system. **Realize that you can manifest successfully and create a life of peace and balance whatever your design, provided you live out your type and follow your strategy.**

[Chart Human Design Types](#)

Generator

You are a Generator. You have been given the design to have that powerful sacral motor churning out energy within you. You are here to work and to do things. You have sustainable energy. It is born each day, runs all day and burns out at night. There are many types of work, from mechanical and rhythmic to artistic and eccentric and you are here to work and respond to all that is going on in this world. Find work that is inspiring to you!

YOUR STRATEGY

For each of the 5 types in Human Design there is a corresponding strategy. This is all about geometry and interacting properly with the flow of the energy of the universe, you and other beings. It is by following your strategy that you can maximize the positive results and minimize the drawbacks. The universe is energetic and the flow of opportunity and interaction is influenced by type. Strategy is important in every day life, but especially important for major decisions such as changes in your personal relationships, career, or residence. It is also critical to follow your strategy with commitments to projects or any major investment of your time.

Wait to respond

As a Generator the world expects you to respond. There are many things that may come into your life that offer opportunity for you to take action. You may be tempted to respond to inspirations that come from remote sources, but it is essential you focus on what feels right in your soul. It is also important for you to recognize that if there is nothing in your immediate reality that feels really good, then you must wait. Your strategy for success is to wait until what you are inspired to respond to comes directly into your arena, or peripheral world.

For example, what you respond to needs to be more direct than an inspiration from something on TV. Perhaps that is where the idea starts, but then you must experience this inspiration as an immediate need of the world around you. Maybe you see a news clip about natural health on TV and start to think about a new profession. If no one around you is presenting a need for natural health therapies, then this is a sign that you haven't found quite the right inspiration. Or perhaps it's just not time. On the other hand, if multiple people say, "oh yes, I would love for you to help me with my ailments!" and maybe a friend mentions that you would be great as a natural health practitioner, then you have lots of signs giving you a green light!.

It may be easy for you to get drawn into pushing forward to force things to happen and "just do it!".

When you do pursue the bigger (or even smaller) things in life, you can "just do it" provided you are responding to something that has appeared in your reality in a very tangible way. Ultimately, choices you make must feel right in the core of your soul, at the center of your being. Never attempt to initiate an idea that hasn't already appeared as a need in your reality and be discriminating with what you respond to and you can do anything!

YOUR PROFILE

Your profile describes character traits to your personality. Are you social, investigative, experimental, a hermit, projective or a role model. You have two of these defining traits which will influence how all of your actions, expressions and interactions are done. Beyond your type, your profile is the second biggest force in influencing your design. Your profile is derived from two numbers called lines that come from the gates in your sun and your earth. Lines are a subset of the gates of the I'Ching where each gate is divided into 6 lines.

5/1 Heretic/Investigator

The fifth line of your profile is a projective line and you have a projected field around you, meaning that your 5th line energy is outwardly expressed. This acts like a magnetic force that carries your energy out to people and can draw people in. But like a mirror this energy that is projected out can also be reflected back upon you by people you encounter. If you have sexual energy in your chart you can be accused of flirting even if that is not on your mind. If you have the energy of opinions, you can be judged as opinionated without saying anything. If you have an undefined G center, people may say "You don't really know who you are" even though you may feel grounded. Look at the energy in the rest of your report. At some point have you felt any of the energies projected back on you? Because of this projection you will at times need alone or down time to get out of the field of projection. Take care of yourself and honor your need to be alone some of the time.

The first line of your profile is a foundational investigator. You are a person who will ask a lot of questions. You need to have a solid understanding of the details before you can proceed. This need to understand provides an underlying feeling of comfort. When you understand it all you are comfortable and when you don't there is the nagging drive to find out. If you are learning a new profession, you will get all the books, take as many courses as you can and feel you need to know it all before starting to take clients or customers. If you are planning a trip you will be driven to investigate it in great detail including ways to get there, what to do, places to stay, etc. The 1st line gathers all this information and applies it to themselves. How does this affect me? How does this change what I am going to do? Am I comfortable doing this now that I know all about it?

YOUR UNDEFINED CENTERS

Your open centers are unlimited in the way they can experience energy for that center. You do not have your own consistent energy for these centers but you can amplify these types of energy from around you. Through these centers you are empathetic to those around you. An undefined Solar Plexus Center can feel the happiness or sadness of another. The undefined Spleen Center can feel ill health. Through this experience of empathy and amplification you are designed to become extremely wise about these centers as you can experience all the shades of the energy coming through.

[Map of Centers](#)

Head

You have an undefined Head Center. Along with 7/8 of the population, you are unlimited in how you experience ideas and inspirations. You may lose your focus with your own ideas, especially when influenced by other people. For example, it could be a struggle to find something you really want when looking at a menu in a crowded restaurant, well it all looks good! Make sure the ideas and inspirations you embrace and work with are your own and feel right over a period of time. You may come under pressure to find the answer to questions. This can include anything from "what was the name of that actor?" to "what do I want to do with my life?" Make sure the questions you are answering are a priority for you and not someone else in your life. Are you still trying to answer other peoples' questions?

Ajna

You have an undefined Ajna and are unlimited in the way you can think about things. You easily look at problems from many angles. You may vary how you do your tasks and chores and are flexible in trying new ways of doing things. You may struggle with remembering details. This can happen even when you felt confident you would remember. You tend to feel uncertain when it comes to making decisions. At a restaurant you may change your mind often and then be disappointed with what you ordered when it shows up. You may struggle to focus in large groups or noisy situations. Your best strategy is to make lists or write things down that you will need to recall.

Throat

You have an undefined Throat Center. You are unlimited in the ways in which you express yourself. You can modulate your speech and voice to communicate with anyone in a way they will understand. However, at times in your life you may have struggled to feel heard or listened to. You may have developed elaborate strategies to be recognized so your words would be acknowledged. For example, when you do "get the floor" with your audience, you may resist giving it up for fear that you will fall back into being unheard. It is also possible that you have grown tired of not being heard and have fallen quiet. Your strategy around communication is to let your energy carry the message that you have a lot to say. It is through this quiet focus that you will be recognized to speak. Once you have been recognized by others, you will be heard.

G-Identity

You have an undefined G-Identity Center. You are unlimited in how you identify yourself and can relate with all kinds of people. You may struggle to "find yourself" simply because it's hard for you to define who you are. Your sense of self may be inconsistent and you may be constantly changing your view of who you are. If your world is impacted by events around you, it may take time to come back to center and feel comfortable. At times you may feel unduly influenced by others. At times, you may

question your lovability. A strategy for the open G-Identity is to spend time with loving people whom you honor, admire and can help you to align your identity with higher energies.

YOUR DEFINED CENTERS

Your defined centers are the shapes in the chart, the squares the triangles and the diamonds that are colored in. Through these defined centers you have access to your own consistent energy. Because the center is defined, you will experience the energy from each center with a familiar pattern. It may not always be the exact pattern as described, but the description is to give you a flavor of how that energy will come to expression.

[Map of Centers](#)

Heart-Will

You have a defined Heart-Will Center. You have will power to push through resistance to get things done. This is a powerful attribute, but be careful not to overexert your will just to get your way, as this is also the center of the ego. The Will Center is a pulse motor and is either on or off. When it is off, your will power is lacking and you must remember to rest. Honor your time of relaxation or you can damage your heart. Your words carry an energy of "I promise", whether you mean it or not. Be mindful of expectations you set as your defined will power will communicate commitments even if you don't say, "I promise".

Solar Plexus

You have a defined Solar Plexus Center and are an emotional being. The Solar Plexus defines its energy in waves that move from joyful highs to melancholic lows. The emotional solar plexus provides clarity about decisions over time and it is essential that you ride the whole wave to achieve clarity. What feels right when you're at the top of your wave may feel wrong when you're at the bottom. When you are at the bottom of the wave don't look for the reasons, just know that it's a cycle and it will pass. A good strategy for the defined Solar Plexus is to track the cycle of your emotional wave. How long does it last? What makes it worse? What makes it better? It's okay to schedule downtime if you know you are likely to be at the bottom of your wave. It all serves a purpose! There are 3 types of waves and here is a description of yours.

Your emotional Solar Plexus is powered by a tribal wave. This wave is like the tribal drum beat and is steady in rhythm moving up toward joy and down toward sadness. You may not notice this wave as it typically has a small range and is the least dramatic of the emotional waves.

Root

You have a defined Root Center. Root energy is fueled by adrenaline and this helps you to get things done. As you work through your task lists you will know when enough is enough. The defined Root Center is a pulse motor and is either on or off. When the root is off, there is no energy to push and get things done. It is time to rest. When the root is on, it is as if the clutch is engaged and you are cruising!

Sacral

You have a defined Sacral Center. You have the most powerful motor in the Human Design system and it is the energy to get things done. The presence of this motor defines you as a Generator or Manifesting Generator. The sacral motor turns on in the morning, runs all day and burns out at night. This energy rises up from your sacral center and has a physical quality to it. Your strategy for health is to get some physical activity each day to burn up any excess energy. As possible, anything from a

full workout to a short walk will help you sleep better and feel healthier. While this is mostly true for all types of people, this is especially true for you.

Spleen

You have a defined Spleen Center. You have a complete understanding of time and the now. You have your own defined energies of intuition. The spleen is connected to the immune system. With the defined spleen, you have more consistent energy to maintain your health. Because of this quality, the defined spleen is a "feel good" center. People with undefined spleens may hang out around you to power their spleens and their immune system.

YOUR DEFINED CHANNELS

Your defined channels have distinct characteristics in the way you act or react. Your defined channels will effect the flow of energy to and from the centers they connect with. As the energy flows through it, the expression of that channel's characteristics will be added to the overall expression.

Channel of Synthesis (Gates 49-19)

This is the synthesis of emotion and means you may be very sensitive. This sensitivity can be the energy of someone who is very connected to animals. It also can be that you have heightened sensitivity to noise or the environment. This is all about bringing sensation into emotion and potentially action.

Channel of Struggle (Gates 28-38)

This is the channel of the struggle to find meaning. In particular it is struggle with the meaning or significance of life on this planet. By having the whole channel you have the energy that struggles and the energy to push through and find the meaning to calm the struggle within.

Channel of Preservation (Gates 27-50)

This is energy of caretaking. Both elements of custodian and nurturing come together in this channel. This is about caretaking of the young and innocent to provide, protect and nourish them for the preservation of the human species.

Channel of Surrender (Gates 26-44)

This is a channel of connecting and selling and is the energy of the entrepreneur. This energy has the ability to unite the socialist energy of the community with the capitalist energy of the few, or the individual.

YOUR DEFINED GATES

Your defined gates are truly what give you definition. It is the sum of these that defines your centers and determines your type. It is all the individual expressions of each gate that make you who you really are. In this section you can look at each gate and its expression individually. Please remember two things: 1. That this is a high level description of the gate and it is just to give you a flavor of how you may express this energy. 2. That these gate attributes do not work in isolation so as they come together in your design the attributes may mutate or change into something greater or something less.

Energy distribution: Collective 27% Tribal 42 % Individual 31 %

At a high level there are three main types of energy: collective, tribal and individual. The expression of collective energy is ultimately to benefit the collective, or all of humanity. Tribal energy is focused on what is best for the tribe whether it's family, group, community, race or country. Individual energy is driven to benefit you and it does not really care about anyone else in the tribe or the collective. It is useful to see your energy distribution as you can see if you have a bias toward one type of energy. Most of us have a blend but some people have a concentration. If you have a percentage in one group higher than 55%, then you are going to have a bias. If that is individual, then you are going to care mostly about yourself. If the concentration is tribal, then your concern is for the tribe. And lastly, if it is collective, you will be focused on how you effect all of humanity.

Gate of Alertness (# 44)

Alertness is the energy to look at past patterns, assess current supply and determine proper action to take. The outcome is awareness about what needs to occur to ensure that material needs will be met.

Gate of Contraction (# 41)

The Gate of Contraction is the energy of contracting or pulling back. It is an emotional energy of regrouping in preparation for the next expansion.

Gate of Rationalizing (# 24)

The Gate of Rationalizing is the energy to ponder over and over in thought until that thought can be brought forward in rational terms or in a rational way.

Gate of Leading (# 31)

The Gate of Leading is the voice of the leader. The leadership is only truly successful when properly supported by its complementary gate 7, The Role of the Self.

Gate of Principles (# 49)	Gate of Shock (# 51)
The Gate of Principles is the energy of principles and revolution. If the activity or behavior is not within the boundaries of the perceived principles, then this energy will push for revolution and change until it falls within the range of the principle.	The name of this gate says it all - Shock. People with this energy tend to come out with shocking statements or actions. Sometimes it may be subtle and at other times quite dramatic. Either way, this energy is trying to shock others into connection with the greater sense of Spirit, God or the Divine.
Gate of The Game Player (# 28)	Gate of Caring (# 27)
The Game Player energy is the struggle for the meaning of life, the struggle to find your divine connection. Through the struggle you become incredibly wise about the meaning of life. The shadow side is the fear that life has no meaning.	Caring is nurturing energy and is the need to care and take care of one another. This caring is tribal and is directed toward family, group or team. It is about providing nourishment and protection to preserve the unit.
Gate of The Fighter (# 38)	Gate of Ideas (# 11)
The Fighter is the energy to find out what is worth struggling for. It is about finding meaning in life and, through this process, becoming wise about the struggle to find meaning.	The Gate of Ideas is the bringing together of ideas in the formation of the story. It is sensing energy and is not logical. It is the sorting and piecing of images to create the bigger picture or story.
Gate of Wanting (# 19)	Gate of Continuity (# 32)
The Gate of Wanting is the energy that wants and needs community. It wants unrestricted access to community. People with this energy may also appear to be overly sensitive or easily disturbed and distracted.	Continuity is an instinctive gate to adapt to change and carry on. The drive is to follow socially embraced behavior. Over time, social behavior changes and when that behavior becomes the norm, you are able to adapt quickly.
Gate of Intuitive Insight (# 57)	Gate of Values (# 50)
Sometimes called the psychic gate, the Intuitive Insight Gate is about knowing in the now. This gate gives you consistent energy to experience intuition and a knowingness beyond this physical reality.	Values is the energy of values and rules. This gate controls or dictates the rules for the tribe. These rules are all about caring and making sure the tribe is cohesive. The rules are often related to food and provisions.

Gate of Fixed Rhythms (# 5)	Gate of The Egoist (# 26)
Fixed Rhythms energy is a mechanical need to have fixed rhythm in your life. Your habits will have an unconscious push to have rhythm. Perhaps you eat at 6 pm and nothing should interfere with that schedule.	The Egoist is the gate of the deal maker or the salesman. From this energy can come manipulation and lies, or truth.
Gate of Privacy (# 33)	Gate of Sexuality (# 59)
Privacy is the energy to retreat and reflect on experiences and events before moving on. Before this energy can be expressed, there must be a period of time to retreat and collect thoughts in order to structure them into a cohesive expression or story.	Sexuality is the gate of seduction and the gateway to the sacral sexual power. This will often be the energy and drive to sexually reproduce. It can be the energy of coming together in an intimate way in a non-sexual relationship.

YOUR INCARNATION CROSS

Your incarnation cross made up of the four key gates based on the alignment of the sun and earth in your Human Design. Your incarnation cross gives definition and foundation to your overall energy design and is a cornerstone in your life purpose. Like a snowflake there are many underlying factors within your design that impact exactly how you carry your cross but this gives you another flavor of just how deep Human Design goes.

Of course in order to carry out your incarnation cross you must live your design. This means living consistently with your defined energy and gathering the wisdom through your undefined areas. Living your passions and dreams and not living the influences around you unless they resonate with your soul.

The Left Angle Cross of the Alpha 2

Cross Gates: 41 31 44 24

Your Cross has the energy to lead others. Often you will need to wait for the opportunity to take that lead, but when it happens you will be ready. You have the ability to lead because you offer an emotional vision that others are ready to follow. You need to follow your Human Design type and strategy and the opportunity to lead will present itself to you.

What does the Left Angle mean?

You were born with a left angle cross of incarnation. This means that your life process is about dealing with karma and you need others to fulfill your life destiny. By moving through karmic interactions, both good ones and not so good, you live out your destiny. You are not designed to carry out your life purpose alone.
