YOUR TYPE

Your type is the role you have been asked to play in this lifetime. It represents the general purpose that your energy blueprint is designed to provide. Your type energetically interacts with the rest of humanity in a geometric way. At a high level, it defines whether you are here to do work, to guide and lead, to manifest or to reflect. There are 5 types in the human design system. **Realize that you can manifest successfully and create a life of peace and balance whatever your design, provided you live out your type and follow your strategy.**

[Chart Human Design Types](#)

Projector

You are a Projector. You are here to guide, lead, manage and project ideas and inspirations. You have a great gift to share with the world but to do so you need to be invited. Nobody likes to have somebody just step in and take over, there needs to be an invitation. You do not have sustainable energy to work in long continuous blocks. While you can do it for a while, ultimately you will break down either mentally, physically or both. You need to have a strategy to break up your work hours and you may need to nap.

YOUR STRATEGY

For each of the 5 types in Human Design there is a corresponding strategy. This is all about geometry and interacting properly with the flow of the energy of the universe, you and other beings. It is by following your strategy that you can maximize the positive results and minimize the drawbacks. The universe is energetic and the flow of opportunity and interaction is influenced by type. Strategy is important in every day life, but especially important for major decisions such as changes in your personal relationships, career, or residence. It is also critical to follow your strategy with commitments to projects or any major investment of your time.

Wait to be invited

As a Projector the world expects you to be invited and this is the only strategy that positions you for success. Be patient and wait for the invitations to come to you. The more an invitation is defined and coming from a place of legitimacy, the better off you'll be and the more your contribution will be accepted. A Projector may often be rebuffed for offering vision or guidance without invitation. Perhaps there have been times you've offered advice to family or friends without their asking. This likely has had an unsuccessful outcome. This can be trying for you as you have the energy to lead and guide. You truly believe you know better, and many times (not always) you do.

As an example of what is meant by "waiting to be invited", let's say you would like to find a new career. You have always loved animals and decide that you want to start your own pet sitting business. If you tell all your friends and no one says anything supportive, then you have a definite sign that this is not a good direction. On the other hand, if one or more of them says to you, "yea, that sounds like a good idea, you'd be good at that," then you have a lukewarm invitation, because it's a passive invitation. And finally, if you have 2 or 3 people with pets ask you to take care of their animals over the weekend and they mention that this would be a great job for you, then you have yourself a very legitimate invitation.

Look for invitations in your reality. The more personal, powerful or direct the invitation, the better. Make sure the opportunity feels right in the core of your soul, in the center of your being. It is a trick for the Projector to wait for the right invitation. Often an invitation that feels lukewarm will be followed by a more direct one, if you can allow yourself to wait. In some cases, you may be able to ask friends or family to finesse an invitation on your behalf (e.g. getting the right job interview). A Projector who enters into life with an invitation and the right intentions can do anything.

YOUR PROFILE

Your profile describes character traits to your personality. Are you social, investigative, experimental, a hermit, projective or a role model. You have two of these defining traits which will influence how all of your actions, expressions and interactions are done. Beyond your type, your profile is the second biggest force in influencing your design. Your profile is derived from two numbers called lines that come from the gates in your sun and your earth. Lines are a subset of the gates of the I'Ching where each gate is divided into 6 lines.

6/2 Role Model/Hermit

The sixth line of your profile lives out 3 different life stages. From birth to about 28.5 years the 6th line profile is prone to experimentation, (similar to a 3rd line profile). You take the results of your experimentation and experiences and try to internalize them. In an attempt to become wise, you sort through what works and what doesn't work and how it has affected you. From age 28.5 to age 50 the 6th line withdraws. There is a realization that the experimentation didn't really work for you and during this period of your life it is said that "you go up on the roof." It is sort of an aloof observational period where you look outward at the world to figure out how things really do work. You look at how other people do things and use their examples of what works and what doesn't work to figure out what works for you. Around age 50 the 6th line profile comes off the roof and moves into the role model phase of life. You have tried things your first 28 years and you have observed things for the next 22 years, now you are wise and ready to step in the role of mentor or role model. You are a passive role model not aggressive. People will seek you out for your expertise, help and advice. You will get involved only when you deem it to be a worthy cause for those who are asking as well as for you.

The second line of your profile is a hermit. However, there is a projected social aspect to this part of your profile. So while there is a part of you that needs alone time, there is a part of this energy that projects out to other people and says "Hey this person needs to be called out of their hiding!" Therefore your second line cannot be a successful hermit. There is an important aspect to your need for alone time. It is only in this alone time, only when you are allowed to draw within that you can integrate the happenings around you. Whether this is to absorb and react to interpersonal dynamics or processing some new skill or information that you have learned, you need some down time for integrating this into your being. So take your alone time but accept some invitations too, as you are designed to have this balance of hermitting and going out.

YOUR UNDEFINED CENTERS

Your open centers are unlimited in the way they can experience energy for that center. You do not have your own consistent energy for these centers but you can amplify these types of energy from around you. Through these centers you are empathetic to those around you. An undefined Solar Plexus Center can feel the happiness or sadness of another. The undefined Spleen Center can feel ill health. Through this experience of empathy and amplification you are designed to become extremely wise about these centers as you can experience all the shades of the energy coming through.

[Map of Centers](#)

Head

You have an undefined Head Center. Along with 7/8 of the population, you are unlimited in how you experience ideas and inspirations. You may lose your focus with your own ideas, especially when influenced by other people. For example, it could be a struggle to find something you really want when looking at a menu in a crowded restaurant, well it all looks good! Make sure the ideas and inspirations you embrace and work with are your own and feel right over a period of time. You may come under pressure to find the answer to questions. This can include anything from "what was the name of that actor?" to "what do I want to do with my life?" Make sure the questions you are answering are a priority for you and not someone else in your life. Are you still trying to answer other peoples' questions?

Ajna

You have an undefined Ajna and are unlimited in the way you can think about things. You easily look at problems from many angles. You may vary how you do your tasks and chores and are flexible in trying new ways of doing things. You may struggle with remembering details. This can happen even when you felt confident you would remember. You tend to feel uncertain when it comes to making decisions. At a restaurant you may change your mind often and then be disappointed with what you ordered when it shows up. You may struggle to focus in large groups or noisy situations. Your best strategy is to make lists or write things down that you will need to recall.

Throat

You have an undefined Throat Center. You are unlimited in the ways in which you express yourself. You can modulate your speech and voice to communicate with anyone in a way they will understand. However, at times in your life you may have struggled to feel heard or listened to. You may have developed elaborate strategies to be recognized so your words would be acknowledged. For example, when you do "get the floor" with your audience, you may resist giving it up for fear that you will fall back into being unheard. It is also possible that you have grown tired of not being heard and have fallen quiet. Your strategy around communication is to let your energy carry the message that you have a lot to say. It is through this quiet focus that you will be recognized to speak. Once you have been recognized by others, you will be heard.

G-Identity

You have an undefined G-Identity Center. You are unlimited in how you identify yourself and can relate with all kinds of people. You may struggle to "find yourself" simply because it's hard for you to define who you are. Your sense of self may be inconsistent and you may be constantly changing your view of who you are. If your world is impacted by events around you, it may take time to come back to center and feel comfortable. At times you may feel unduly influenced by others. At times, you may

question your lovability. A strategy for the open G-Identity is to spend time with loving people whom you honor, admire and can help you to align your identity with higher energies.

Solar Plexus

You have an undefined Solar Plexus Center. You can experience emotions in an unlimited fashion. These emotions are generally from people around you, because your own your emotions are steady. If you view yourself as an emotional person, take a look at the people around you as you may be picking up on their emotional waves. Your strategy is to be a screen and acknowledge the emotions you are experiencing, but don't be a sponge and soak them up. If the emotional energy becomes too much, take some alone time to rebalance yourself.

Sacral

You have an undefined Sacral Center. You can experience sacral energy in unlimited ways, but do not generate it on your own. You can utilize other people's sacral energy to get things done, but this is not sustainable. You need a strategy for working as you are not designed to survive the 9 to 5 work world. If you can break up your schedule so you can rest or nap in between it will help. Your best sleep strategy is to go to bed before you are actually tired. This will help dissipate external energy so you can sleep soundly.

YOUR DEFINED CENTERS

Your defined centers are the shapes in the chart, the squares the triangles and the diamonds that are colored in. Through these defined centers you have access to your own consistent energy. Because the center is defined, you will experience the energy from each center with a familiar pattern. It may not always be the exact pattern as described, but the description is to give you a flavor of how that energy will come to expression.

[Map of Centers](#)

Heart-Will

You have a defined Heart-Will Center. You have will power to push through resistance to get things done. This is a powerful attribute, but be careful not to overexert your will just to get your way, as this is also the center of the ego. The Will Center is a pulse motor and is either on or off. When it is off, your will power is lacking and you must remember to rest. Honor your time of relaxation or you can damage your heart. Your words carry an energy of "I promise", whether you mean it or not. Be mindful of expectations you set as your defined will power will communicate commitments even if you don't say, "I promise".

Root

You have a defined Root Center. Root energy is fueled by adrenaline and this helps you to get things done. As you work through your task lists you will know when enough is enough. The defined Root Center is a pulse motor and is either on or off. When the root is off, there is no energy to push and get things done. It is time to rest. When the root is on, it is as if the clutch is engaged and you are cruising!

Spleen

You have a defined Spleen Center. You have a complete understanding of time and the now. You have your own defined energies of intuition. The spleen is connected to the immune system. With the defined spleen, you have more consistent energy to maintain your health. Because of this quality, the defined spleen is a "feel good" center. People with undefined spleens may hang out around you to power their spleens and their immune system.

YOUR DEFINED CHANNELS

Your defined channels have distinct characteristics in the way you act or react. Your defined channels will effect the flow of energy to and from the centers they connect with. As the energy flows through it, the expression of that channel's characteristics will be added to the overall expression.

Channel of Surrender (Gates 26-44)

This is a channel of connecting and selling and is the energy of the entrepreneur. This energy has the ability to unite the socialist energy of the community with the capitalist energy of the few, or the individual.

Channel of Struggle (Gates 28-38)

This is the channel of the struggle to find meaning. In particular it is struggle with the meaning or significance of life on this planet. By having the whole channel you have the energy that struggles and the energy to push through and find the meaning to calm the struggle within.

YOUR DEFINED GATES

Your defined gates are truly what give you definition. It is the sum of these that defines your centers and determines your type. It is all the individual expressions of each gate that make you who you really are. In this section you can look at each gate and its expression individually. Please remember two things: 1. That this is a high level description of the gate and it is just to give you a flavor of how you may express this energy. 2. That these gate attributes do not work in isolation so as they come together in your design the attributes may mutate or change into something greater or something less.

Energy distribution: Collective 50% Tribal 19 % Individual 31 %

At a high level there are three main types of energy: collective, tribal and individual. The expression of collective energy is ultimately to benefit the collective, or all of humanity. Tribal energy is focused on what is best for the tribe whether it's family, group, community, race or country. Individual energy is driven to benefit you and it does not really care about anyone else in the tribe or the collective. It is useful to see your energy distribution as you can see if you have a bias toward one type of energy. Most of us have a blend but some people have a concentration. If you have a percentage in one group higher than 55%, then you are going to have a bias. If that is individual, then you are going to care mostly about yourself. If the concentration is tribal, then your concern is for the tribe. And lastly, if it is collective, you will be focused on how you effect all of humanity.

Gate of Intuitive Insight (# 57)

Sometimes called the psychic gate, the Intuitive Insight Gate is about knowing in the now. This gate gives you consistent energy to experience intuition and a knowingness beyond this physical reality.

Gate of The Fighter (# 38)

The Fighter is the energy to find out what is worth struggling for. It is about finding meaning in life and, through this process, becoming wise about the struggle to find meaning.

Gate of Shock (# 51)

The name of this gate says it all - Shock. People with this energy tend to come out with shocking statements or actions. Sometimes it may be subtle and at other times quite dramatic. Either way, this energy is trying to shock others into connection with the greater sense of Spirit, God or the Divine.

Gate of The Provocateur (# 39)

The Provocateur is the energy to provoke into action. It is an energetic burst to create change from the emotional stillness or sadness.

Gate of Leading (# 31)	Gate of Continuity (# 32)
The Gate of Leading is the voice of the leader. The leadership is only truly successful when properly supported by its complementary gate 7, The Role of the Self.	Continuity is an instinctive gate to adapt to change and carry on. The drive is to follow socially embraced behavior. Over time, social behavior changes and when that behavior becomes the norm, you are able to adapt quickly.
Gate of Fixed Rhythms (# 5)	Gate of Focus (# 9)
Fixed Rhythms energy is a mechanical need to have fixed rhythm in your life. Your habits will have an unconscious push to have rhythm. Perhaps you eat at 6 pm and nothing should interfere with that schedule.	The Gate of Focus is the power and the energy to remain focused. This energy is driven to repeat and experiment. Without the its complementary gate 52, this energy can exhibit attributes of ADD or ADHD.
Gate of Change (# 35)	Gate of Skills (# 16)
The Gate of Change is the sense of a need for change. The sense that the wheel needs to turn. It is not a logical next step, but a sense that this is the right direction to go. Like walking around a wheel there will need to be another step and then another step to keep the wheel turning.	Skills energy is talent for life which has an enthusiasm for expression. Music, dance, art, and speaking are common expressions of this energy. Without the complementary Gate of Depth (gate 48), the expression of this energy may be varied and shallow. Coupled with gate 48, there is depth. For example, in the group known as The Beatles, John Lennon had the 48 and Paul McCartney has the 16.
Gate of Alertness (# 44)	Gate of Mystery (# 61)
Alertness is the energy to look at past patterns, assess current supply and determine proper action to take. The outcome is awareness about what needs to occur to ensure that material needs will be met.	The Gate of Mystery is about reaching to know the unknowable. This energy is about the "why's" in life. It can be about striving to know the answers just for sport. It is about the ability to "know" by just knowing, not thru logic, and trying to understand the Big Picture.
Gate of Correction (# 18)	Gate of Acceptance (# 60)
Correction is logical energy to bring about a better way of doing things. This is the guy who invented the bread slicer. This energy is trying to bring joy to life, to save time or avoid mistakes. But correction can feel personal so express it with prudence.	To get things started one needs a push or surge of energy. The Gate of Acceptance energy is like a car starting with bursts of surges. Not all tasks are like the 100 yard dash where the path is straight forward. This energy pushes you off the starting line, but not so fast that you can't change your course once you get going.

Gate of The Egoist (# 26)	Gate of Friendship (# 37)
The Egoist is the gate of the deal maker or the salesman. From this energy can come manipulation and lies, or truth.	Friendship is the family or tribal side of community. This is the emotional side of being part of the tribe. There is always a strong underlying desire to be part of a group, family or community.
Gate of Doubt (# 63)	Gate of Beginnings (# 53)
Doubt is the energy of logical questioning. It is the first step of analysis in the logic circuit. When the first cell phone was invented, this gate asked the questions, "Is it safe? Will it work? Will people actually use them?" This energy starts the drive to find the answer through logic.	Beginnings is the gate of getting things started. This energy contains potential to mutate since sometimes, to get things started, you need to mutate the process.
Gate of Values (# 50)	Gate of The Game Player (# 28)
Values is the energy of values and rules. This gate controls or dictates the rules for the tribe. These rules are all about caring and making sure the tribe is cohesive. The rules are often related to food and provisions.	The Game Player energy is the struggle for the meaning of life, the struggle to find your divine connection. Through the struggle you become incredibly wise about the meaning of life. The shadow side is the fear that life has no meaning.

YOUR INCARNATION CROSS

Your incarnation cross made up of the four key gates based on the alignment of the sun and earth in your Human Design. Your incarnation cross gives definition and foundation to your overall energy design and is a cornerstone in your life purpose. Like a snowflake there are many underlying factors within your design that impact exactly how you carry your cross but this gives you another flavor of just how deep Human Design goes.

Of course in order to carry out your incarnation cross you must live your design. This means living consistently with your defined energy and gathering the wisdom through your undefined areas. Living your passions and dreams and not living the influences around you unless they resonate with your soul.

The Left Angle Cross of Individualism 2

Cross Gates: 38 39 57 51

Your Cross carries energy to provoke others and create tension. Through provocation you create tension in others around you. Situations may become heated at times because people will unload on you. Energetically, however, you are ready for this and it does not seem to bother you. What you are doing is forcing them to take a position and making them justify it. You probably don't even know you are doing this, but your energy gives people a little nudge here or there and then they are suddenly worked up. Through this dance you are here to get people going, to get their emotions flowing and push them to find meaning in their lives.

What does the Left Angle mean?

You were born with a left angle cross of incarnation. This means that your life process is about dealing with karma and you need others to fulfill your life destiny. By moving through karmic interactions, both good ones and not so good, you live out your destiny. You are not designed to carry out your life purpose alone.
