YOUR TYPE

Your type is the role you have been asked to play in this lifetime. It represents the general purpose that your energy blueprint is designed to provide. Your type energetically interacts with the rest of humanity in a geometric way. At a high level, it defines whether you are here to do work, to guide and lead, to manifest or to reflect. There are 5 types in the human design system. **Realize that you can manifest successfully and create a life of peace and balance whatever your design, provided you live out your type and follow your strategy.**

[Chart Human Design Types](#)

Manifesting Generator

You are a Manifesting Generator. You are here to work. You have been given the design to have that powerful sacral motor churning out energy within you. You are here to work and to do things. You have sustainable energy. It is born each day, runs all day and burns out at night. You have a limited amount of ability to go out and create so be careful not to fool yourself into thinking you are a Manifestor. You have a lot of energy to express, but make sure you do it in response not through pure initiation. There are many types of work. Find work that is inspiring to you.

YOUR STRATEGY

For each of the 5 types in Human Design there is a corresponding strategy. This is all about geometry and interacting properly with the flow of the energy of the universe, you and other beings. It is by following your strategy that you can maximize the positive results and minimize the drawbacks. The universe is energetic and the flow of opportunity and interaction is influenced by type. Strategy is important in every day life, but especially important for major decisions such as changes in your personal relationships, career, or residence. It is also critical to follow your strategy with commitments to projects or any major investment of your time.

Respond, envision, reprocess, inform, act.

You are a Manifesting Generator, but at the heart of it you are a Generator. You have the powerful sacral motor to move you through whatever work or play you choose to do each day. You also have manifesting energy for the initiation of ideas, projects or creations. Because your Generator energy dominates, your key strategy is to respond to things that appear in your reality rather than initiate on your own. This can present frustration at times, because you just want to see your ideas manifested - now! While you do have the ability to initiate on some level, it is by waiting to respond to needs in front of you that you will be most successful.

For example, what you respond to needs to be more direct than an inspiration from something you read or see on TV. Perhaps that is where the idea starts, but then you must experience this inspiration as an immediate need of the world around you. Maybe you see a news clip about natural health on TV and start to think about a new profession. If no one around you is presenting a need for natural health therapies, then this is a sign that you haven't found quite the right inspiration. Or perhaps it's just not time. On the other hand, if multiple people say, "oh yes, I would love for you to help me with my ailments!" and maybe a friend mentions that you would be great as a natural health practitioner, then you have lots of signs giving you a green light!.

When you are responding, make certain the passion is coming from the core of your soul. When you do take initiative, make sure you are informing others of what you are doing, because you have a tendency to just go off and do something leaving others wondering what's going on. As a Manifesting Generator, you can blur the lines between responding and initiating. Beware not to fall into the trap of initiating (manifesting) all the time, because you are not a pure Manifestor. Live this strategy and you can do anything!

YOUR PROFILE

Your profile describes character traits to your personality. Are you social, investigative, experimental, a hermit, projective or a role model. You have two of these defining traits which will influence how all of your actions, expressions and interactions are done. Beyond your type, your profile is the second biggest force in influencing your design. Your profile is derived from two numbers called lines that come from the gates in your sun and your earth. Lines are a subset of the gates of the I'Ching where each gate is divided into 6 lines.

3/5 Martyr/Heretic

The third line of your profile is an experimenter. Or we could also call it an experienter. It is through experimentation and experiences that the 3rd line understands how the world works. You will try things many ways until you get it right for you. With each experiment, you take the results and apply it back to you. So for example: "Well, I went to work on a rainy day without an umbrella, I was cold and wet all day and felt uncomfortable so I will always take an umbrella to work." Time passes. "Ok, I have carried this umbrella to work for 3 months and it has only rained twice and it is inconvenient to be hauling this around. I will only carry the umbrella when it looks like it's going to rain." As a 3rd line you may feel embarrassed or ridiculed by your failed experiments. Remember, this is how you are designed to learn. You are designed to become experts at things so you can advise others. There is no failure for you, it is just part of your experience on the planet.

The fifth line of your profile is a projective line and you have a projected field around you, meaning that your 5th line energy is outwardly expressed. This acts like a magnetic force that carries your energy out to people and can draw people in. But like a mirror this energy that is projected out can also be reflected back upon you by people you encounter. If you have sexual energy in your chart you can be accused of flirting even if that is not on your mind. If you have the energy of opinions, you can be judged as opinionated without saying anything. If you have an undefined G center, people may say "You don't really know who you are" even though you may feel grounded. Look at the energy in the rest of your report. At some point have you felt any of the energies projected back on you? Because of this projection you will at times need alone or down time to get out of the field of projection. Take care of yourself and honor your need to be alone some of the time.

YOUR UNDEFINED CENTERS

Your open centers are unlimited in the way they can experience energy for that center. You do not have your own consistent energy for these centers but you can amplify these types of energy from around you. Through these centers you are empathetic to those around you. An undefined Solar Plexus Center can feel the happiness or sadness of another. The undefined Spleen Center can feel ill health. Through this experience of empathy and amplification you are designed to become extremely wise about these centers as you can experience all the shades of the energy coming through.

[Map of Centers](#)

Head

You have an undefined Head Center. Along with 7/8 of the population, you are unlimited in how you experience ideas and inspirations. You may lose your focus with your own ideas, especially when influenced by other people. For example, it could be a struggle to find something you really want when looking at a menu in a crowded restaurant, well it all looks good! Make sure the ideas and inspirations you embrace and work with are your own and feel right over a period of time. You may come under pressure to find the answer to questions. This can include anything from "what was the name of that actor?" to "what do I want to do with my life?" Make sure the questions you are answering are a priority for you and not someone else in your life. Are you still trying to answer other peoples' questions?

Ajna

You have an undefined Ajna and are unlimited in the way you can think about things. You easily look at problems from many angles. You may vary how you do your tasks and chores and are flexible in trying new ways of doing things. You may struggle with remembering details. This can happen even when you felt confident you would remember. You tend to feel uncertain when it comes to making decisions. At a restaurant you may change your mind often and then be disappointed with what you ordered when it shows up. You may struggle to focus in large groups or noisy situations. Your best strategy is to make lists or write things down that you will need to recall.

YOUR DEFINED CENTERS

Your defined centers are the shapes in the chart, the squares the triangles and the diamonds that are colored in. Through these defined centers you have access to your own consistent energy. Because the center is defined, you will experience the energy from each center with a familiar pattern. It may not always be the exact pattern as described, but the description is to give you a flavor of how that energy will come to expression.

[Map of Centers](#)

Throat

You have a defined and motorized Throat Center. You have consistent energy to speak and your throat is powered by at least one of the motor centers. This helps you create more easily through your communication with others. In group settings you are likely to be recognized before others who are trying to speak. You rarely struggle to feel that your thoughts and ideas are heard. Your voice is strong!

G-Identity

You have a defined G-Identity Center. You have a good understanding of who you are and are mostly comfortable with yourself. You know where you're going in many respects, even if you don't know how you'll get there. You may have a good sense of direction and geography. If you are moved off your center, you are able to find your balance and recenter yourself more easily than others.

Heart-Will

You have a defined Heart-Will Center. You have will power to push through resistance to get things done. This is a powerful attribute, but be careful not to overexert your will just to get your way, as this is also the center of the ego. The Will Center is a pulse motor and is either on or off. When it is off, your will power is lacking and you must remember to rest. Honor your time of relaxation or you can damage your heart. Your words carry an energy of "I promise", whether you mean it or not. Be mindful of expectations you set as your defined will power will communicate commitments even if you don't say, "I promise".

Solar Plexus

You have a defined Solar Plexus Center and are an emotional being. The Solar Plexus defines its energy in waves that move from joyful highs to melancholic lows. The emotional solar plexus provides clarity about decisions over time and it is essential that you ride the whole wave to achieve clarity. What feels right when you're at the top of your wave may feel wrong when you're at the bottom. When you are at the bottom of the wave don't look for the reasons, just know that it's a cycle and it will pass. A good strategy for the defined Solar Plexus is to track the cycle of your emotional wave. How long does it last? What makes it worse? What makes it better? It's okay to schedule downtime if you know you are likely to be at the bottom of your wave. It all serves a purpose! There are 3 types of waves and here is a description of yours.

Your emotional Solar Plexus is powered by a tribal wave. This wave is like the tribal drum beat and is steady in rhythm moving up toward joy and down toward sadness. You may not notice this wave as it typically has a small range and is the least dramatic of the emotional waves.

Root

You have a defined Root Center. Root energy is fueled by adrenaline and this helps you to get things done. As you work through your task lists you will know when enough is enough. The defined Root Center is a pulse motor and is either on or off. When the root is off, there is no energy to push and get things done. It is time to rest. When the root is on, it is as if the clutch is engaged and you are cruising!

Sacral

You have a defined Sacral Center. You have the most powerful motor in the Human Design system and it is the energy to get things done. The presence of this motor defines you as a Generator or Manifesting Generator. The sacral motor turns on in the morning, runs all day and burns out at night. This energy rises up from your sacral center and has a physical quality to it. Your strategy for health is to get some physical activity each day to burn up any excess energy. As possible, anything from a full workout to a short walk will help you sleep better and feel healthier. While this is mostly true for all types of people, this is especially true for you.

Spleen

You have a defined Spleen Center. You have a complete understanding of time and the now. You have your own defined energies of intuition. The spleen is connected to the immune system. With the defined spleen, you have more consistent energy to maintain your health. Because of this quality, the defined spleen is a "feel good" center. People with undefined spleens may hang out around you to power their spleens and their immune system.

YOUR DEFINED CHANNELS

Your defined channels have distinct characteristics in the way you act or react. Your defined channels will effect the flow of energy to and from the centers they connect with. As the energy flows through it, the expression of that channel's characteristics will be added to the overall expression.

Channel of Discovery (Gates 46-29)

This is energy pushing up from the Sacral Center to the G/Identity Center to break through challenges. Sometimes called "succeeding where others fail", it is the energy to persevere and get it done. However, there is always duality and it can occasionally mean to fail where others succeed.

Channel of The Alpha (Gates 31-7)

This is the channel of leadership. The energy that flows through this channel moves from the G/Identity Center to be expressed through the Throat Center. Leadership in this channel can take on many shapes from dictator to socialist.

Channel of Judgment (Gates 18-58)

This is a channel of correction to bring about the joy in life. This is judgment with purpose. The expression of this energy is to make things better by making them easier, or faster, or better quality etc.

Channel of Community (Gates 37-40)

This channel has the energetic drive to create and be a part of community. The energy takes place on a small emotional wave and is driven to create tribal connection among those within your tribal definition be it family, group or community.

YOUR DEFINED GATES

Your defined gates are truly what give you definition. It is the sum of these that defines your centers and determines your type. It is all the individual expressions of each gate that make you who you really are. In this section you can look at each gate and its expression individually. Please remember two things: 1. That this is a high level description of the gate and it is just to give you a flavor of how you may express this energy. 2. That these gate attributes do not work in isolation so as they come together in your design the attributes may mutate or change into something greater or something less.

Energy distribution: Collective 46% Tribal 42 % Individual 12 %

At a high level there are three main types of energy: collective, tribal and individual. The expression of collective energy is ultimately to benefit the collective, or all of humanity. Tribal energy is focused on what is best for the tribe whether it's family, group, community, race or country. Individual energy is driven to benefit you and it does not really care about anyone else in the tribe or the collective. It is useful to see your energy distribution as you can see if you have a bias toward one type of energy. Most of us have a blend but some people have a concentration. If you have a percentage in one group higher than 55%, then you are going to have a bias. If that is individual, then you are going to care mostly about yourself. If the concentration is tribal, then your concern is for the tribe. And lastly, if it is collective, you will be focused on how you effect all of humanity.

Gate of Behavior of the Self (# 10)

The Gate of the Behavior of Self carries energy about understanding behavior within the norms of your human society. How it is expressed may take on flavors of complete acceptance of norms, challenging norms when appropriate or complete defiance. Your expression will remain consistent within your theme or style of expression. This is the energy of self-love. This is also the consistent energy to love others.

Gate of The Spirit of the Self (# 25)

The Spirit of the Self is the love of the spirit of the soul within you. This is also the love of the greater Spirit, as in God or the Divine or whatever definition you choose.

Gate of Extremes (# 15)

The Gate of Extremes is energy that expresses itself through extreme rhythms. Whether it be your personal cycle with respect to times you eat, get up and go to sleep or other patterns, the gate of extremes will demand a change from a repetitive cycle after a while. This is also the energy of the love of humanity, the concern for fellow humans and the drive to bring other humans into the flow of life.

Gate of The Determination of the Self (# 46)

The Gate of the Determination of the Self is the energy of the love of the physical body, or the love of the flesh. It manifests in the desire for touch, the drive to maintain fitness, and the joy of living in the physical plane.

Gate of Leading (# 31)	Gate of Correction (# 18)
The Gate of Leading is the voice of the leader. The leadership is only truly successful when properly supported by its complementary gate 7, The Role of the Self.	Correction is logical energy to bring about a better way of doing things. This is the guy who invented the bread slicer. This energy is trying to bring joy to life, to save time or avoid mistakes. But correction can feel personal so express it with prudence.
Gate of The Role of the Self (# 7)	Gate of Listener (# 13)
The Role of the Self is energy that pushes for leadership. It can take on many flavors like democratic or dictator depending on the situation and the energy supporting it.	The Listener is the energy of listening and being open. This energy attracts others to come and share their experiences with you. Sometimes these will be secrets they didn't intend to share, because the energy of this gate evoked their expression.
Gate of Aliveness (# 58)	Gate of Friendship (# 37)
Aliveness is the energy for the zest or joy in life. It is the insatiable desire to make it better and to challenge the norm to find a better way.	Friendship is the family or tribal side of community. This is the emotional side of being part of the tribe. There is always a strong underlying desire to be part of a group, family or community.
Gate of Ideas (# 11)	Gate of The Hunter/Huntress (# 21)
The Gate of Ideas is the bringing together of ideas in the formation of the story. It is sensing energy and is not logical. It is the sorting and piecing of images to create the bigger picture or story.	It is the Hunter/Huntress who controls where you live, what you want and what you eat. This energy has the drive to create or gather material things and wealth.
Gate of Wanting (# 19)	Gate of Recognition of Feelings (# 30)
The Gate of Wanting is the energy that wants and needs community. It wants unrestricted access to community. People with this energy may also appear to be overly sensitive or easily disturbed and distracted.	Recognition of Feelings is the energy to recognize feelings that are pushing for change. Once recognized, the emotion to change is conceptualized into action that will relieve the pain or sadness and create real change.

Gate of Acceptance (# 60)	Gate of Sexuality (# 59)
To get things started one needs a push or surge of energy. The Gate of Acceptance energy is like a car starting with bursts of surges. Not all tasks are like the 100 yard dash where the path is straight forward. This energy pushes you off the starting line, but not so fast that you can't change your course once you get going.	Sexuality is the gate of seduction and the gateway to the sacral sexual power. This will often be the energy and drive to sexually reproduce. It can be the energy of coming together in an intimate way in a non-sexual relationship.
Gate of Saying Yes (# 29)	Gate of Alertness (# 44)
This energy is the drive to say "Yes". It may lead to over commitment, but the energy includes the perseverance to push through where others quit.	Alertness is the energy to look at past patterns, assess current supply and determine proper action to take. The outcome is awareness about what needs to occur to ensure that material needs will be met.
Gate of Aloneness (# 40)	
Aloneness energy is part of the channel of community, yet this is the lonely side. This is the energy of being separate from the group or the family.	

YOUR INCARNATION CROSS

Your incarnation cross made up of the four key gates based on the alignment of the sun and earth in your Human Design. Your incarnation cross gives definition and foundation to your overall energy design and is a cornerstone in your life purpose. Like a snowflake there are many underlying factors within your design that impact exactly how you carry your cross but this gives you another flavor of just how deep Human Design goes.

Of course in order to carry out your incarnation cross you must live your design. This means living consistently with your defined energy and gathering the wisdom through your undefined areas. Living your passions and dreams and not living the influences around you unless they resonate with your soul.

The Right Angle Cross of the Vessel of Love

Cross Gates: 25 46 10 15

At the very center of all your energies is love. You have the love of the body, the love of humanity, the love of behavior and universal love. You are here to be universally loving to all things. You may be met with shock at some point in your life, and your challenge is to overcome it.

What does the Right Angle mean?

You have a right angle cross of incarnation. Your destiny in this life is your own process and in that sense you are self absorbed. However you can't live life in a vacuum and so throughout this life you are creating karma for good or not so good with all the others you bump into.
